

organ

noun

Word family: organ organs

● In this unit

"The heart is an organ that pumps blood through your body."

● What it means

A body part that does a special job, like the heart or lungs.

In kid words: A body part with a special job!

● Teacher models (I Do)

"The heart is an organ that pumps blood through your body."

a vital organ

internal organs

organs working together

✓ Means the SAME

✗ Means the OPPOSITE

body part

—

✗ NOT examples

a bone is not an organ

muscles alone are not organs

? Why we use it

Your organs work together to keep you alive.

Your turn (We Do → You Do)

One important organ is the ___ because...

succinct

adjective

Word family: **succinct** **succinctly** **succinctness**

● **In this unit**

"The doctor gave a succinct, clear explanation of how the lungs work."

● **What it means**

Briefly and clearly expressed; using few words to say a lot.

In kid words: Saying exactly what you mean without extra words!

● **Teacher models (I Do)**

"The student gave a succinct answer that impressed the teacher."

a succinct summary

answered succinctly

admired its succinctness

✓ **Means the SAME**

brief

terse

compact

✗ **Means the OPPOSITE**

wordy

lengthy

verbose

✗ **NOT examples**

a rambling speech

writing long-windedly

pages of repetition

? **Why we use it**

Being succinct shows you truly understand a topic!

Your turn (We Do → You Do)

A succinct way to say that would be...

happiness

noun

Word family: happy happier happily happiness unhappy
unhappiness

● In this unit

"Exercise and good sleep can bring a feeling of happiness and health."

● What it means

The state of feeling pleased, content, or joyful.

In kid words: The good feeling you get when something makes you smile!

● Teacher models (I Do)

"The students felt happiness when they finished their science project together."

pure happiness

smiling happily

a happy class

✓ Means the SAME

joy

delight

cheerfulness

× Means the OPPOSITE

sadness

misery

sorrow

× NOT examples

feeling unhappy

an unhappy frown

crying from pain

Why we use it

Happiness is an abstract noun that names a feeling you cannot touch but everyone can understand!

Your turn (We Do → You Do)

The _____ brought happiness because...

skeleton

noun

Word family: **skeleton** **skeletons** **skeletal**

● **In this unit**

“Your skeleton is made of bones that hold your body up.”

● **What it means**

All the bones in the body that give it shape and support.

In kid words: All your bones together!

● **Teacher models (I Do)**

“The skeleton protects your organs and holds you up.”

the human skeleton

two skeletons

the skeletal system

✓ **Means the SAME**

bones

frame

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

skin is not part of the skeleton

organs are not skeletal

❓ **Why we use it**

Your skeleton lets you stand, move, and stay protected.

Your turn (We Do → You Do)

The skeleton helps us by...

inevitable

adjective

Word family: inevitable inevitably inevitability

● In this unit

"As we grow, it is inevitable that our bodies will change."

● What it means

Certain to happen; unavoidable.

In kid words: Something that is definitely going to happen no matter what!

● Teacher models (I Do)

"Change is inevitable as we grow older and learn new things."

an inevitable outcome

change happens inevitably

the inevitability of growing up

✓ Means the SAME

unavoidable

certain

inescapable

× Means the OPPOSITE

avoidable

preventable

uncertain

× NOT examples

a surprise party

an avoidable mistake

an unexpected gift

? Why we use it

Understanding what is inevitable helps you prepare for the future!

Your turn (We Do → You Do)

It was inevitable that _____ would happen because...

training

verb

Word family: **train** **trains** **training** **trained** **trainer** **retrain**

● In this unit

"The athlete was training her muscles to become stronger."

● What it means

Preparing or learning skills through practice and instruction.

In kid words: Practicing something again and again so you get better at it!

● Teacher models (I Do)

"The soccer team has been training for the big tournament for three months."

training for a race

trained the team

a patient trainer

✓ Means the SAME

practicing

preparing

exercising

✗ Means the OPPOSITE

resting

neglecting

ignoring

✗ NOT examples

watching television all day

an untrained guess

giving up after one try

? Why we use it

Training is a progressive verb form (verb + -ing) that shows an ongoing action. It is used with helping verbs like is, are, was, and were!

Your turn (We Do → You Do)

The athlete was _____ because...

muscle

noun

Word family: **muscle** **muscles** **muscular**

● **In this unit**

"You use a muscle in your arm every time you lift something."

● **What it means**

A body part that tightens and relaxes to move the body.

In kid words: It helps your body move!

● **Teacher models (I Do)**

"You use the muscles in your legs to run and jump."

strong muscles

a muscular arm

one sore muscle

✓ **Means the SAME**

tissue

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

a bone is not a muscle

skin is not muscular

❓ **Why we use it**

Muscles let you move, lift, and even smile.

Your turn (We Do → You Do)

We use our muscles when we...

relied

verb

Word family: **rely** **relies** **relying** **relied** **reliable** **reliance**
unreliable

● **In this unit**

"The runner relied on a healthy heart to finish the race."

● **What it means**

Depended on with full trust or confidence.

In kid words: Trusted something or someone to help you!

● **Teacher models (I Do)**

"The hikers relied on their compass to find the trail through the forest."

relied on a map **relies on teamwork** **a reliable friend**

✓ **Means the SAME**

depended **trusted** **counted on**

✗ **Means the OPPOSITE**

doubted **distrusted**
questioned

✗ **NOT examples**

doing everything alone **an unreliable rumor** **ignoring helpful advice**

❓ **Why we use it**

Relied is the past tense of rely. It is an important academic word that shows how people and things depend on each other!

Your turn (We Do → You Do)

The _____ relied on _____ because...

practiced

verb

Word family: **practice** **practices** **practicing** **practiced**
unpracticed

● In this unit

"We practiced healthy habits like washing our hands and eating well."

● What it means

Performed an activity or skill repeatedly in order to improve.

In kid words: Did something over and over to get better at it!

● Teacher models (I Do)

"The orchestra has practiced the concert piece for three weeks straight."

practiced the piano

practicing daily

still practices spelling

✓ Means the SAME

rehearsed

trained

drilled

× Means the OPPOSITE

neglected

ignored

abandoned

× NOT examples

trying something only once

an unpracticed skill

giving up right away

? Why we use it

Practiced is used here as a past participle in the present perfect tense (has practiced). This tense shows an action that started in the past and continues to the present!

Your turn (We Do → You Do)

The _____ practiced _____ until...

oxygen

noun

Word family: oxygen oxygenate oxygenated**● In this unit***"Your lungs take in oxygen so your body can stay alive."***● What it means**

A gas in the air that living things need to breathe and stay alive.

In kid words: The part of air we breathe!**● Teacher models (I Do)***"Your lungs take in oxygen every time you breathe."*

breathe in oxygen

oxygenate the blood

freshly oxygenated water

✓ Means the SAME

air

✗ Means the OPPOSITE

—

✗ NOT examples

oxygen is not water

smoke is not oxygen

? Why we use it

Every cell in your body needs oxygen to work.

Your turn (We Do → You Do)**We need oxygen so that...**

regulate

verb

Word family: regulate regulates regulating regulated
regulation unregulated

● In this unit

"Your body works hard to regulate its temperature when you exercise."

● What it means

To control or manage something so that it works correctly.

In kid words: To keep something just right!

● Teacher models (I Do)

"Your body works hard to regulate its temperature."

regulate the flow regulating temperature careful regulation

✓ Means the SAME

control manage

× Means the OPPOSITE

neglect

× NOT examples

leaving it unregulated ignoring the rules letting it run wild

? Why we use it

Your body regulates things like heat and water to stay healthy.

Your turn (We Do → You Do)

The body must regulate ___ so that...

audience noun

Word family: **audience** **audiences**

● **In this unit**

“The students were a quiet audience during the lesson on the human body.”

● **What it means**

A group of people gathered to watch or listen to a performance, speech, or presentation.

In kid words: The people who come to watch a show or listen to something!

● **Teacher models (I Do)**

“The audience cheered loudly when the young pianist finished her beautiful performance.”

a large audience

two full audiences

the audience applauded

✓ **Means the SAME**

spectators

viewers

crowd

× **Means the OPPOSITE**

performers

actors

presenters

× **NOT examples**

an empty room

the people on stage

someone practicing alone

❓ **Why we use it**

Audience is a collective noun, which means it names a group. Collective nouns can take singular or plural verbs depending on whether the group acts as one unit or as individuals!

Your turn (We Do → You Do)

The audience _____ because...

digestion

noun

Word family: **digest** **digests** **digesting** **digested** **digestion**
digestive **indigestion**

● In this unit

"Digestion turns the food you eat into energy for your body."

● What it means

The way the body breaks down food so it can be used for energy.

In kid words: Turning food into energy!

● Teacher models (I Do)

"Digestion begins in the mouth when you chew your food."

good digestion

digesting food

the digestive system

✓ Means the SAME

breaking down food

× Means the OPPOSITE

—

× NOT examples

digestion is not breathing

indigestion is not digestion

Why we use it

Digestion gives your body energy and nutrients.

Your turn (We Do → You Do)

Digestion helps the body by...

deliberately

adverb

Word family: deliberate deliberately deliberation

● **In this unit**

"She deliberately chewed her food slowly to help digestion."

● **What it means**

In a way that is done on purpose and with thought.

In kid words: On purpose, with thought!

● **Teacher models (I Do)**

"The scientist deliberately changed one part of the test."

chose deliberately

a deliberate choice

after much deliberation

✓ **Means the SAME**

intentionally

✗ **Means the OPPOSITE**

accidentally

✗ **NOT examples**

acting by accident

an accidental spill

a careless mistake

❓ **Why we use it**

Shows purposeful, planned action.

Your turn (We Do → You Do)

I deliberately...

independent

adjective

Word family: **depend** **dependent** **independent** **independently**
independence

● **In this unit**

"Each organ has an independent job, but they all work together."

● **What it means**

Not depending on another; able to stand alone or function by itself.

In kid words: Something that can work all by itself without needing help!

● **Teacher models (I Do)**

"An independent clause can stand alone as a complete sentence."

an independent clause **works independently** **values its independence**

✓ **Means the SAME**

self-sufficient **autonomous**

free

✗ **Means the OPPOSITE**

dependent **reliant**

subordinate

✗ **NOT examples**

a dependent child **relying on others** **needing constant help**

Why we use it

Understanding independence in grammar helps you build stronger sentences!

Your turn (We Do → You Do)

I feel independent when I...

solid

noun

Word family: **solid** **solids** **solidify** **solidified** **solidly**

● In this unit

"A rock is a solid because it keeps its own shape."

● What it means

A state of matter that keeps its own shape, like ice or a rock.

In kid words: Matter that holds its shape!

● Teacher models (I Do)

"A rock is a solid because it keeps its shape."

a hard solid **solid objects** **metal can solidify**

✓ Means the SAME

firm

✗ Means the OPPOSITE

liquid **gas**

✗ NOT examples

water is not a solid ***a gas has no fixed shape***

? Why we use it

Knowing solids helps you sort and describe materials.

Your turn (We Do → You Do)

A solid is different from a liquid because...

enormous

 adjective

Word family: enormous enormously

● In this unit

"The scientist mixed the liquids in an enormous glass beaker."

● What it means

Extremely large in size, quantity, or extent.

In kid words: Really, really big! Much bigger than normal!

● Teacher models (I Do)

"The enormous whale surfaced beside the small fishing boat."

an enormous building

grew enormously

enormous crowds

✓ Means the SAME

huge

massive

gigantic

✗ Means the OPPOSITE

tiny

small

miniature

✗ NOT examples

a regular-sized pencil

a tiny insect

a normal lunch

? Why we use it

Enormous is a powerful adjective that can replace overused words like big or large. Using precise adjectives makes your writing more vivid!

Your turn (We Do → You Do)

The _____ was enormous compared to...

duration

noun

Word family: **duration** **durations** **durable** **endure** **enduring**

● **In this unit**

"We measured the duration of time it took the ice to melt."

● **What it means**

The length of time something lasts or continues.

In kid words: How long something takes from start to finish!

● **Teacher models (I Do)**

"The duration of the science experiment was three weeks."

the duration of the movie

durable materials

endured the long wait

✓ **Means the SAME**

length

span

period

✗ **Means the OPPOSITE**

instant

moment

flash

✗ **NOT examples**

a single second

a quick blink

a brief pause

? **Why we use it**

This word helps you describe how long things take, which is useful in science, history, and everyday life!

Your turn (We Do → You Do)

The duration of _____ lasted about...

interval noun

Word family: **interval** **intervals**

● **In this unit**

"We checked the experiment at an interval of five minutes."

● **What it means**

A period of time between two events or actions.

In kid words: The time gap between one thing and the next!

● **Teacher models (I Do)**

"There was a ten-minute interval between the two halves of the soccer game."

a short interval

at regular intervals

the interval between classes

✓ **Means the SAME**

gap

pause

break

× **Means the OPPOSITE**

continuation

extension

nonstop

× **NOT examples**

a continuous action

events with no gap

one nonstop hour

? **Why we use it**

This word helps you measure and describe the time between events, which is useful in science, sports, and daily life!

Your turn (We Do → You Do)

The interval between _____ and _____ was about...

liquid

noun

Word family: liquid liquids liquefy liquefied

● In this unit

“Water is a liquid that takes the shape of its container.”

● What it means

A state of matter that flows and takes the shape of its container.

In kid words: Matter that flows and pours!

● Teacher models (I Do)

“Water is a liquid that takes the shape of its cup.”

a clear liquid

pour the liquids

metal can liquefy

✓ Means the SAME

fluid

× Means the OPPOSITE

solid

gas

× NOT examples

ice is not a liquid

a solid rock

? Why we use it

Liquids show how matter can flow and change shape.

Your turn (We Do → You Do)

A liquid can change into a solid when...

sequence

noun

Word family: **sequence** **sequences** **sequential** **sequentially**

● In this unit

"We followed the steps of the experiment in the correct sequence."

● What it means

A particular order in which related events or things follow each other.

In kid words: The order things happen in, like steps in a recipe!

● Teacher models (I Do)

"The scientist followed the exact sequence of steps to complete the experiment."

a sequence of events

in sequential order

arranged sequentially

✓ Means the SAME

order

series

progression

× Means the OPPOSITE

disorder

chaos

randomness

× NOT examples

a jumbled mess

random events

things with no order

Why we use it

Understanding sequence helps you follow instructions, retell stories, and explain how things happen in order!

Your turn (We Do → You Do)

The sequence of events was: first _____, then...

passage

noun

Word family: **passage** **passages** **pass** **passing** **bypass**

● **In this unit**

"The gas escaped through a narrow passage in the lid."

● **What it means**

The process of moving from one place or stage to another; also a section of text.

In kid words: Moving from one place to another, or a part of a story you read!

● **Teacher models (I Do)**

"The passage of time had changed the small village into a busy city."

a narrow passage

a passage from a book

time passing quickly

✓ **Means the SAME**

journey

transition

route

✗ **Means the OPPOSITE**

standstill

halt

blockage

✗ **NOT examples**

staying in one place

a dead end

a blocked doorway

? **Why we use it**

This word has two great meanings -- it helps you describe travel AND parts of text you read in class!

Your turn (We Do → You Do)

The passage from _____ to _____ took about...

complex

adjective

Word family: **complex** **complexes** **complexity** **complexly**

● **In this unit**

"Mixing chemicals can cause a complex change in the material."

● **What it means**

Consisting of many interconnected parts; not simple.

In kid words: Something that has many parts and is not easy to figure out!

● **Teacher models (I Do)**

"The human brain is a complex organ with billions of connections."

a complex problem

the complexity of the brain

complex systems

✓ **Means the SAME**

complicated

intricate

elaborate

✗ **Means the OPPOSITE**

simple

basic

straightforward

✗ **NOT examples**

a plain circle

adding 1+1

a single straight line

? **Why we use it**

Learning to handle complex ideas makes you a stronger thinker!

Your turn (We Do → You Do)

This problem is complex because...

gas

noun

Word family: gas gases gaseous

- In this unit

“Steam is a gas that rises from boiling water.”

- What it means

A state of matter that spreads out to fill any space, like air or steam.

In kid words: Matter that fills space!

- Teacher models (I Do)

“Steam is a gas that rises from boiling water.”

a gas in the air

gases expand

a gaseous cloud

✓ Means the SAME

vapor

✗ Means the OPPOSITE

solid

liquid

✗ NOT examples

*a rock is not a gas**a solid block*

- ❓ Why we use it

Gases complete the three states of matter.

Your turn (We Do → You Do)

A gas is different from a liquid because...

commence

verb

Word family: **commence** **commences** **commencing** **commenced**
commencement

● **In this unit**

"The class will commence the experiment after the teacher's demonstration."

● **What it means**

To begin or start something.

In kid words: To start something, especially something important!

● **Teacher models (I Do)**

"The graduation ceremony will commence at ten o'clock sharp."

commence the ceremony

the games commenced

the commencement of school

✓ **Means the SAME**

begin

start

initiate

✗ **Means the OPPOSITE**

end

finish

conclude

✗ **NOT examples**

ending a lesson

wrapping up a project

stopping early

❓ **Why we use it**

This is a formal word for 'begin' that you will see in announcements, ceremonies, and official writing!

Your turn (We Do → You Do)

The _____ will commence when...

abundant

adjective

Word family: **abundant** **abundantly** **abundance**

● **In this unit**

“There were abundant supplies of water for every group's experiment.”

● **What it means**

Existing or available in large quantities; plentiful.

In kid words: So much of something that there is more than enough!

● **Teacher models (I Do)**

“The rainforest has abundant plant and animal species.”

abundant resources

grew abundantly

an abundance of food

✓ **Means the SAME**

plentiful

copious

ample

✗ **Means the OPPOSITE**

scarce

rare

limited

✗ **NOT examples**

an empty shelf

a bare tree

a desert with no water

? **Why we use it**

Describing things as abundant helps readers picture how much there is!

Your turn (We Do → You Do)

Our school has abundant opportunities to...

condition

noun

Word family: **condition** **conditions** **conditional** **conditionally**
unconditional **recondition**

● **In this unit**

"Heat is one condition that can make a solid melt."

● **What it means**

A state of being or a requirement that must be met for something to happen.

In kid words: Something that has to be true for another thing to happen!

● **Teacher models (I Do)**

"The icy road conditions made driving difficult during the winter storm."

weather conditions

a conditional promise

unconditional love

✓ **Means the SAME**

requirement

situation

circumstance

✗ **Means the OPPOSITE**

unconditional

guarantee

certainty

✗ **NOT examples**

something that happens no matter what

a guaranteed result

an absolute certainty

❓ **Why we use it**

Understanding conditions helps you with 'if-then' thinking in science, math, and everyday decisions!

Your turn (We Do → You Do)

The condition for _____ to happen is...

experiment

noun

Word family: **experiment** **experiments** **experimental**
experimentally **experimented**

● **In this unit**

"We did an experiment to see how fast sugar dissolves."

● **What it means**

A scientific procedure carried out to test a hypothesis or discover something new.

In kid words: A test you do in science to find out if something is true!

● **Teacher models (I Do)**

"Our class designed an experiment to test which type of soil helps plants grow fastest."

conduct an experiment **experimental results**

experimented with magnets

✓ **Means the SAME**

test **trial** **investigation**

✗ **Means the OPPOSITE**

guess **assumption** **theory**

✗ **NOT examples**

just guessing without proof **copying answers** **reading without testing**

❓ **Why we use it**

Experiment is a key academic word used in science, and it can be both a noun (an experiment) and a verb (to experiment)!

Your turn (We Do → You Do)

The _____ experiment showed that...

precede verb

Word family: precede precedes preceding preceded
precedent unprecedented

● In this unit

"Melting will precede boiling when you heat the ice."

● What it means

To come before something in time, order, or position.

In kid words: To happen before something else!

● Teacher models (I Do)

"A loud rumble preceded the earthquake that shook the buildings."

thunder precedes lightning

the preceding chapter

an unprecedented storm

✓ Means the SAME

come before

lead

forego

✗ Means the OPPOSITE

follow

succeed

come after

✗ NOT examples

coming after someone

following behind

happening last

? Why we use it

This word helps you explain cause and effect and show what happened first in a sequence of events!

Your turn (We Do → You Do)

The event that preceded _____ was...

suddenly

adverb

Word family: **sudden** **suddenly** **suddenness**

● **In this unit**

"The liquid suddenly changed color when we added the powder."

● **What it means**

Quickly and without any warning.

In kid words: All at once!

● **Teacher models (I Do)**

"Suddenly, the ground began to shake."

stopped suddenly

a sudden noise

the suddenness of it

✓ **Means the SAME**

abruptly

✗ **Means the OPPOSITE**

gradually

✗ **NOT examples**

a slow change

a gradual shift

❓ **Why we use it**

Adds surprise to your writing.

Your turn (We Do → You Do)

Suddenly, ...

interesting

adjective

Word family: **interest** **interesting** **interested** **uninteresting**
interestingly

● **In this unit**

"It was interesting to watch the solid slowly turn into a liquid."

● **What it means**

Arousing curiosity or attention; holding one's interest.

In kid words: Something that makes you want to learn more about it!

● **Teacher models (I Do)**

"The teacher shared an interesting article about how dolphins communicate with each other."

an interesting fact

lost all interest

an uninteresting lecture

✓ **Means the SAME**

fascinating

engaging

captivating

✗ **Means the OPPOSITE**

boring

dull

tedious

✗ **NOT examples**

staring at a blank wall

watching paint dry

a boring list

❓ **Why we use it**

Interesting is a commonly misspelled word. Remember: inter-est-ing has three syllables. It is a versatile adjective used in academic writing across all subjects!

Your turn (We Do → You Do)

I found the _____ interesting because...

laboratory

noun

Word family: **laboratory** **laboratories** **lab** **labs**

● **In this unit**

“Scientists work in a laboratory to test how matter changes.”

● **What it means**

A room or building equipped for scientific experiments, research, or testing.

In kid words: A special room where scientists do experiments and test ideas!

● **Teacher models (I Do)**

“The students visited the university laboratory to watch a chemistry demonstration.”

a science laboratory

two laboratories

working in the lab

✓ **Means the SAME**

lab **workshop**

research center

✗ **Means the OPPOSITE**

field **outdoors** **wilderness**

✗ **NOT examples**

a playground

a cafeteria

a gymnasium

❓ **Why we use it**

Laboratory comes from the Latin word laborare meaning to work. Knowing Latin roots helps you understand many English words!

Your turn (We Do → You Do)

In the _____, the scientists were...

persevere verb

Word family: **persevere** **perseveres** **persevering** **persevered**
perseverance

● **In this unit**

"We had to persevere and repeat the experiment until it worked."

● **What it means**

To continue doing something even when it is difficult or takes a long time.

In kid words: To keep trying even when things get really hard!

● **Teacher models (I Do)**

"The climbers had to persevere through terrible snowstorms to reach the top."

persevere through challenges **she persevered**

showed great perseverance

✓ **Means the SAME**

persist **endure** **continue**

✗ **Means the OPPOSITE**

quit **surrender** **give up**

✗ **NOT examples**

giving up easily **quitting after one try** **stopping when it gets hard**

❓ **Why we use it**

This is one of the most important words you can learn because perseverance is the key to achieving your goals!

Your turn (We Do → You Do)

I had to persevere when _____ because...

comprehensive

adjective

Word family: **comprehensive** **comprehensively** **comprehend**
comprehension

● **In this unit**

"We wrote a comprehensive list of every material we used."

● **What it means**

Including or dealing with all or nearly all aspects of something; complete.

In kid words: Covering everything from start to finish with nothing left out!

● **Teacher models (I Do)**

"The teacher gave a comprehensive review before the final exam."

a comprehensive review

comprehend the topic

strong comprehension

✓ **Means the SAME**

thorough

complete

exhaustive

✗ **Means the OPPOSITE**

partial

incomplete

limited

✗ **NOT examples**

a quick glance

half a chapter

one side of a story

? **Why we use it**

Being comprehensive means you do not miss important details!

Your turn (We Do → You Do)

A comprehensive study of _____ would include...

precise

adjective

Word family: **precise** **precisely** **precision** **imprecise**

● In this unit

"You must be precise when you measure the temperature of the water."

● What it means

Exact and accurate in every detail.

In kid words: Exactly right, not a tiny bit off!

● Teacher models (I Do)

"The scientist took precise measurements of the liquid."

a precise measurement

measured precisely

great precision

✓ Means the SAME

exact

accurate

specific

× Means the OPPOSITE

vague

imprecise

approximate

× NOT examples

a rough guess

an imprecise estimate

somewhere around there

? Why we use it

Being precise helps others understand exactly what you mean!

Your turn (We Do → You Do)

It is important to be precise when...

volcanoes

noun

Word family: volcano volcanoes volcanic volcanically

● In this unit

“Volcanoes show how heat can change solid rock into liquid lava.”

● What it means

Mountains or hills with openings through which lava, rock, and gases erupt from the Earth's interior.

In kid words: Mountains that can shoot out hot melted rock and ash!

● Teacher models (I Do)

“Scientists have studied volcanoes for centuries to understand how the Earth changes.”

active volcanoes

one erupting volcano

volcanic ash

✓ Means the SAME

geysers

vents

craters

✗ Means the OPPOSITE

plains

valleys

flatlands

✗ NOT examples

a snowy mountain

a sandy hill

a grassy mound

? Why we use it

Volcanoes is a great science word! Its plural form (volcano to volcanoes) follows a special spelling rule for words ending in -o.

Your turn (We Do → You Do)

The _____ have learned about volcanoes because...

culminate

verb

Word family: **culminate** **culminates** **culminating** **culminated**
culmination

● **In this unit**

"Our matter unit will culminate in a science fair project."

● **What it means**

To reach the highest point or final result after a period of development.

In kid words: When everything builds up to a big finish!

● **Teacher models (I Do)**

"Months of hard work will culminate in the school science fair next week."

culminate in a performance **the project culminated**

a grand culmination

✓ **Means the SAME**

conclude **climax** **peak**

✗ **Means the OPPOSITE**

begin **start** **commence**

✗ **NOT examples**

just getting started ***the very beginning*** ***the first step***

❓ **Why we use it**

This word helps you describe how all your hard work leads to an exciting final result or achievement!

Your turn (We Do → You Do)

Our _____ will culminate in...

whereas

conjunction

Word family: **whereas**

● **What it means**

To make something easier to understand by explaining it more clearly.

In kid words: Make something clearer so people get it!

● **Teacher models (I Do)**

"Can you clarify what the assignment requires?"

clarify the directions **clarified her answer** **a helpful clarification**

✓ **Means the SAME**

explain **simplify** **illuminate**

✗ **Means the OPPOSITE**

confuse **complicate** **obscure**

✗ **NOT examples**

adding more confusion **mumbling an answer**

making it harder to understand

Why we use it

Clarifying helps everyone understand exactly what you mean!

Your turn (We Do → You Do)

Let me clarify what I mean by...

elaborate

verb

Word family: **elaborate** **elaborates** **elaborating** **elaborated**
elaboration **elaborately**

● **In this unit**

"Please elaborate on why some products cost more in other countries."

● **What it means**

To add more details or information to explain something better.

In kid words: Give more details to make your answer bigger and better!

● **Teacher models (I Do)**

"Could you elaborate on your favorite part of the story?"

elaborate on your idea

she elaborated

a detailed elaboration

✓ **Means the SAME**

expand

develop

detail

× **Means the OPPOSITE**

summarize

shorten

simplify

× **NOT examples**

a one-word answer

skipping the details

saying nothing more

? **Why we use it**

Elaborating makes your writing richer and more interesting!

Your turn (We Do → You Do)

Let me elaborate on...

essential

adjective

Word family: essential essentially essence nonessential

● In this unit

“Clean water is an essential good that every country needs.”

● What it means

Absolutely necessary; extremely important.

In kid words: Something you really, truly need and cannot do without!

● Teacher models (I Do)

“Water is essential for all living things on Earth.”

essential supplies

essentially the same

the essence of the story

✓ Means the SAME

necessary

vital

crucial

✗ Means the OPPOSITE

unnecessary

optional

unimportant

✗ NOT examples

*a decoration**a bonus feature**a nonessential extra*

? Why we use it

Knowing what is essential helps you make smart decisions!

Your turn (We Do → You Do)

I think _____ is essential because...

punctuate

verb

Word family: **punctuate** **punctuates** **punctuating** **punctuated**
punctuation

● **In this unit**

“Remember to punctuate the sentences in your report about world trade.”

● **What it means**

To add punctuation marks like commas, periods, and question marks to writing.

In kid words: Put the dots, commas, and marks in the right places!

punctuate a sentence

punctuated the dialogue

correct punctuation

✓ **Means the SAME**

mark

notate

annotate

✗ **Means the OPPOSITE**

ignore

omit

skip

✗ **NOT examples**

writing with no periods

leaving out all marks

forgetting every comma

Why we use it

Punctuation helps readers understand where ideas start and stop!

Your turn (We Do → You Do)

I need to punctuate this sentence by...

prior

adjective

Word family: **prior** **priority** **prioritize**

● In this unit

"Prior to selling goods abroad, traders must agree on a price."

● What it means

Existing or coming before in time or order.

In kid words: Something that happened before something else!

● Teacher models (I Do)

*"Her prior experience with coding helped her build the robot."***prior knowledge****the top priority****prioritize the tasks**

✓ Means the SAME

previous**earlier****former**

✗ Means the OPPOSITE

later**following****subsequent**

✗ NOT examples

something happening now***a future plan******a current event***

? Why we use it

This word is very useful in school when you connect what you already know to new learning!

Your turn (We Do → You Do)

My prior knowledge of _____ helped me...

emphasize

verb

Word family: **emphasize** **emphasizes** **emphasizing** **emphasized**
emphasis **emphatic**

● **In this unit**

"The lesson will emphasize how countries depend on each other for goods."

● **What it means**

To give special importance or attention to something.

In kid words: Make something stand out so people notice it!

● **Teacher models (I Do)**

"The teacher wanted to emphasize the importance of studying."

emphasize a point

she emphasized it

added emphasis

✓ **Means the SAME**

stress

highlight

underline

× **Means the OPPOSITE**

downplay

ignore

overlook

× **NOT examples**

whispering past the important part

hiding the main idea

burying the details

? **Why we use it**

Emphasizing helps your audience pay attention to what matters most!

Your turn (We Do → You Do)

I want to emphasize that...

concise

adjective

Word family: **concise** **concisely** **conciseness**

● **In this unit**

“Write a concise label that shows where the product was made.”

● **What it means**

Giving information clearly using only a few words.

In kid words: Short and to the point!

● **Teacher models (I Do)**

“Write a concise paragraph about your favorite hobby.”

a concise summary

wrote concisely

admired its conciseness

✓ **Means the SAME**

brief

short

succinct

✗ **Means the OPPOSITE**

wordy

lengthy

rambling

✗ **NOT examples**

a five-page answer to a simple question

going on and on

repeating the same thing

? **Why we use it**

Being concise keeps your reader interested and focused!

Your turn (We Do → You Do)

A concise way to say that is...

explicit

adjective

Word family: **explicit** **explicitly** **implicit**

● **In this unit**

"The trade agreement gave explicit rules for buying and selling."

● **What it means**

Stated clearly and in detail, leaving no room for confusion or doubt.

In kid words: When something is said so clearly that there is no way to misunderstand it!

● **Teacher models (I Do)**

"The teacher gave explicit instructions so every student knew exactly what to do."

explicit instructions

explicitly stated

an implicit hint

✓ **Means the SAME**

clear

direct

unambiguous

✗ **Means the OPPOSITE**

vague

implicit

unclear

✗ **NOT examples**

*a riddle**a vague shrug**a hidden clue*

❓ **Why we use it**

Being explicit helps prevent misunderstandings in communication!

Your turn (We Do → You Do)

I prefer explicit directions because...

milestone

noun

Word family: **milestone** **milestones**

● **In this unit**

“Opening the new market was an important milestone for the town.”

● **What it means**

An important event or achievement that marks a significant stage in development.

In kid words: A big moment that shows how far you have come!

● **Teacher models (I Do)**

“Learning to read in a second language is an important milestone for every student.”

a major milestone

reached two milestones

a personal milestone

✓ **Means the SAME**

achievement

landmark

breakthrough

✗ **Means the OPPOSITE**

setback

failure

regression

✗ **NOT examples**

an ordinary day

eating breakfast

tying your shoes

? **Why we use it**

Celebrating milestones motivates you to keep achieving more!

Your turn (We Do → You Do)

A milestone in my learning was when I...

annotate

verb

Word family: **annotate** **annotates** **annotating** **annotated**
annotation

● **In this unit**

"We will annotate the map to show where different goods are made."

● **What it means**

hiding your face

? Why we use it

Conveying ideas clearly is one of the most important skills in life!

Your turn (We Do → You Do)

I can convey my ideas by...

breakthrough

noun

Word family: breakthrough breakthroughs

● In this unit

"A new invention can be a breakthrough that changes world trade."

● What it means

A sudden, important discovery or development.

In kid words: A big moment when someone figures out something amazing!

● Teacher models (I Do)

"The scientist's breakthrough in solar energy could help power homes around the world."

a scientific breakthrough

major breakthroughs

a medical breakthrough

✓ Means the SAME

discovery

advancement

milestone

✗ Means the OPPOSITE

setback

failure

regression

✗ NOT examples

making no progress

doing the same as always

a dead end

Why we use it

Breakthroughs change the world — from medicine to technology to space exploration!

Your turn (We Do → You Do)

A breakthrough happened when _____ and it changed...

quotation

noun

Word family: quote quotes quoting quoted quotation quotations

● In this unit

"The merchant wrote a quotation showing the price of the goods."

● What it means

A group of words taken from a text or speech and repeated by someone other than the original author.

In kid words: The exact words someone said or wrote, shown with special marks!

● Teacher models (I Do)

"The student included a quotation from the president in her essay."

a famous quotation

quoted the author

quoting a book

✓ Means the SAME

quote

citation

excerpt

✗ Means the OPPOSITE

paraphrase

summary

original words

✗ NOT examples

your own opinion

a made-up sentence

a random guess

Why we use it

Using quotations makes your writing more powerful and credible!

Your turn (We Do → You Do)

My favorite quotation is _____ because...

format

verb

Word family: **format** **formats** **formatting** **formatted**

● **In this unit**

"We will format our chart to compare the cost of goods."

● **What it means**

To arrange or put into a specific form or layout.

In kid words: Setting up how something looks on a page, like titles and paragraphs!

● **Teacher models (I Do)**

"Remember to format the title of a book in italics when you write an essay."

format a document

formatted the essay

formatting a title

✓ **Means the SAME**

arrange

organize

structure

✗ **Means the OPPOSITE**

disorganize

jumble

mess up

✗ **NOT examples**

crumpling paper

scribbling randomly

ignoring the layout

? **Why we use it**

Proper formatting makes your writing look professional and polished!

Your turn (We Do → You Do)

I need to format my essay by...

market

noun

Word family: market markets marketing marketplace
supermarket

● In this unit

“Traders set up stalls to buy and sell goods at the busy market.”

● What it means

A place or event where people gather to buy and sell goods.

In kid words: A place where people come to buy and sell things, often outdoors!

● Teacher models (I Do)

“People crowded the market to buy fresh goods from many sellers.”

an open-air market

busy markets

a crowded marketplace

✓ Means the SAME

bazaar

marketplace

fair

✗ Means the OPPOSITE

warehouse

factory

storage

✗ NOT examples

a locked building with no visitors

an empty parking lot

a private home

? Why we use it

Markets exist in every culture and are key places where people trade, meet, and share goods from around the world!

Your turn (We Do → You Do)

At a market, I would like to buy _____ because...

cite

verb

Word family: cite cites citing cited citation

● In this unit

"Cite the country where each product was made in your report."

● What it means

To quote or refer to a source as evidence or authority.

In kid words: Mentioning where you found your information to prove it is true!

● Teacher models (I Do)

"Always cite your sources when writing a research paper."

cite a source

she cited evidence

a proper citation

✓ Means the SAME

reference

quote

mention

× Means the OPPOSITE

plagiarize

fabricate

ignore

× NOT examples

making things up

hiding your sources

guessing without proof

? Why we use it

Citing sources makes your writing trustworthy and credible!

Your turn (We Do → You Do)

I need to cite _____ because...

attribute verb

Word family: **attribute** **attributes** **attributing** **attributed**
attribution

● **In this unit**

"We can attribute the high price to the long shipping distance."

● **What it means**

To regard something as being caused by or belonging to someone or something.

In kid words: Giving credit to the person or thing responsible for something!

● **Teacher models (I Do)**

"Be sure to attribute the quotation to the correct author in your essay."

attribute a quote **attributed the idea** **correct attribution**

✓ **Means the SAME**

credit **assign** **ascribe**

✗ **Means the OPPOSITE**

deny **disclaim** **disown**

✗ **NOT examples**

taking credit falsely **ignoring the source** **plagiarizing**

❓ **Why we use it**

Attributing ideas to their source shows honesty and respect in writing!

Your turn (We Do → You Do)

I would attribute this success to...

landmark

noun

Word family: **landmark** **landmarks**

● **In this unit**

"The harbor is a landmark where goods arrive from other countries."

● **What it means**

An important or easily recognized building, structure, or place.

In kid words: A famous building or place that everyone knows about!

● **Teacher models (I Do)**

"The Eiffel Tower is one of the most visited landmarks in the world."

a historical landmark

famous landmarks

a national landmark

✓ **Means the SAME**

monument

attraction

site

✗ **Means the OPPOSITE**

unknown place

ordinary building

unmarked spot

✗ **NOT examples**

a regular house

an empty field

an unnamed corner

? **Why we use it**

Landmarks help us identify places and are symbols of culture, history, and human achievement!

Your turn (We Do → You Do)

A landmark I would like to visit is _____ because...

formulate

verb

Word family: **formula** **formulate** **formulates** **formulating**
formulated **formulation**

● **In this unit**

"The traders had to formulate a plan to sell their goods."

● **What it means**

To create or devise something methodically; to put into a clear form.

In kid words: To carefully think up and create a plan or idea!

● **Teacher models (I Do)**

"The scientists needed to formulate a new theory about climate change."

formulate a hypothesis

formulated a plan

a clear formulation

✓ **Means the SAME**

devise

develop

create

✗ **Means the OPPOSITE**

destroy

dismantle

neglect

✗ **NOT examples**

guessing randomly

ignoring a problem

copying answers

? **Why we use it**

Formulating ideas helps you think clearly and solve problems!

Your turn (We Do → You Do)

Our team had to formulate a plan to...

acronym noun

Word family: acronym acronyms

● **In this unit**

"We learned the acronym for a group of trading countries."

● **What it means**

A word formed from the first letters of a group of words.

In kid words: A short word made from the first letters of other words, like NASA!

● **Teacher models (I Do)**

"NASA is an acronym for the National Aeronautics and Space Administration."

NASA is an acronym

two common acronyms

SCUBA

✓ **Means the SAME**

abbreviation

initialism

shortening

✗ **Means the OPPOSITE**

full name

complete phrase

spelled-out form

✗ **NOT examples**

a full sentence

a paragraph

a complete word

Why we use it

Knowing acronyms helps you understand abbreviations used everywhere!

Your turn (We Do → You Do)

An acronym I use often is _____ which stands for...

navigator

noun

Word family: **navigate** **navigates** **navigating** **navigated**
navigation **navigator**

● In this unit

"A skilled navigator guided the ship full of goods to port."

● What it means

A person who directs the course of a ship, aircraft, or other form of transport.

In kid words: A person whose job is to figure out which way to go on a trip!

● Teacher models (I Do)

"The navigator used the stars to guide the ship safely across the Pacific Ocean."

a skilled navigator **navigate the ship** **careful navigation**

✓ Means the SAME

pilot **guide** **helmsman**

× Means the OPPOSITE

passenger **follower** **stowaway**

× NOT examples

a sleeping passenger **someone with no map** **a back-seat rider**

Why we use it

Navigators helped people explore the world long before GPS, using stars, maps, and compasses!

Your turn (We Do → You Do)

A good navigator needs _____ to find the right path because...

cautiously

adverb

Word family: **caution** **cautious** **cautiously** **cautionary**

● In this unit

"The merchant cautiously checked the goods before buying them."

● What it means

In a careful way that avoids danger or risk.

In kid words: Carefully, to stay safe!

● Teacher models (I Do)

"The team cautiously approached the edge of the volcano."

moved cautiously

a cautious driver

with great caution

✓ Means the SAME

warily

✗ Means the OPPOSITE

recklessly

✗ NOT examples

rushing in carelessly

charging ahead

ignoring the danger

? Why we use it

Shows careful, safe action in risky moments.

Your turn (We Do → You Do)

We acted cautiously because...

derive

verb

Word family: **derive** **derives** **deriving** **derived** **derivation**
derivative

● In this unit

"Many countries derive their wealth from selling natural resources."

● What it means

To obtain or receive something from a source or origin.

In kid words: To get something from where it started!

● Teacher models (I Do)

"The word 'photograph' derives from two Greek roots meaning 'light' and 'write.'"

derive meaning

the word derived from Latin

an interesting derivation

✓ Means the SAME

obtain

originate

stem

✗ Means the OPPOSITE

give

contribute

supply

✗ NOT examples

inventing from nothing

making something up

a brand-new creation

? Why we use it

Understanding where words come from helps you figure out new vocabulary!

Your turn (We Do → You Do)

Many English words derive from...

interpret verb

● In this unit

"We are studying an era from thousands of years ago."

● What it means

A long and distinct period of history with particular characteristics.

In kid words: A big chunk of time in history that has a special name!

● Teacher models (I Do)

"We are living in the digital era of computers and smartphones."

the modern era

two different eras

a brand-new era

✓ Means the SAME

age

period

epoch

× Means the OPPOSITE

moment

instant

second

× NOT examples

a single day

one quick minute

a brief second

? Why we use it

This word helps you talk about big time periods in history and understand how the world has changed!

Your turn (We Do → You Do)

The _____ era was important because...

chronological

adjective

Word family: chronological chronologically chronology

● **In this unit**

"We placed the events in chronological order, from oldest to newest."

● **What it means**

Arranged in the order of time, from earliest to latest.

In kid words: Putting things in time order, from first to last!

● **Teacher models (I Do)**

"The history book presents events in chronological order from ancient times to today."

chronological order

listed chronologically

a clear chronology

✓ **Means the SAME**

sequential

ordered

time-based

× **Means the OPPOSITE**

random

disordered

jumbled

× **NOT examples**

*a mixed-up list**events in random order**a shuffled playlist*

? **Why we use it**

This word is essential for organizing events in history, science experiments, and telling stories in the right order!

Your turn (We Do → You Do)

I arranged _____ in chronological order by...

suffix

noun

Word family: **suffix** **suffixes** **prefix** **affix**

● In this unit

"We added a suffix to change the word 'history' into 'historical'."

● What it means

A letter or group of letters added to the end of a word to change its meaning or function.

In kid words: Letters you stick on the end of a word to make a new word!

● Teacher models (I Do)

"Adding the suffix -tion to the word 'select' creates 'selection.'"

the suffix -tion

two suffixes

a prefix and a suffix

✓ Means the SAME

ending

word part

affix

× Means the OPPOSITE

prefix

root

base word

× NOT examples

*the first letter**a whole word**a sentence*

Why we use it

Knowing suffixes helps you understand and build hundreds of new words!

Your turn (We Do → You Do)

When I add the suffix _____ to the word _____, it becomes...

enumerate

verb

Word family: **enumerate** **enumerates** **enumerating**
enumerated **enumeration**

● **In this unit**

"The historian will enumerate the kings in the order they ruled."

● **What it means**

To mention items one by one; to list.

In kid words: Counting things off one at a time in a list!

● **Teacher models (I Do)**

"The teacher asked the students to enumerate the steps of the scientific method."

enumerate the reasons

she enumerated each step

a clear enumeration

✓ **Means the SAME**

list

count

itemize

✗ **Means the OPPOSITE**

summarize

generalize

lump together

✗ **NOT examples**

saying everything at once

skipping the details

giving no examples

❓ **Why we use it**

Enumerating helps you organize your thoughts clearly and completely!

Your turn (We Do → You Do)

Let me enumerate the reasons why...

imagery noun

Word family: **image** **images** **imagery** **imaginative**

● **In this unit**

"The old poem used imagery to describe the ancient city."

● **What it means**

Visually descriptive language that appeals to the senses in writing.

In kid words: Words that paint pictures in your mind and make you see, hear, or feel things!

● **Teacher models (I Do)**

"The poet used powerful imagery to describe the golden sunset melting into the ocean."

vivid imagery

a clear image

an imaginative description

✓ **Means the SAME**

description

word pictures

visualization

✗ **Means the OPPOSITE**

plain language

bare facts

abstract writing

✗ **NOT examples**

a list of numbers

a blank page

a simple yes or no

❓ **Why we use it**

Your turn (We Do → You Do)

The imagery in this poem made me picture...

simile

noun

Word family: simile similes similar similarity

● In this unit

"The story used a simile, saying the fortress was as strong as a mountain."

● What it means

A figure of speech comparing two unlike things using 'like' or 'as.'

In kid words: When you say something IS LIKE something else to paint a picture!

● Teacher models (I Do)

"The poet used the simile 'her smile was like sunshine' to show warmth."

brave as a lion

a similar comparison

striking similarities

✓ Means the SAME

comparison

analogy

likeness

✗ Means the OPPOSITE

literal statement

plain description

direct language

✗ NOT examples

*The sky is blue**a plain statement**a metaphor with no 'like' or 'as'*

? Why we use it

Similes make your writing more vivid and interesting!

Your turn (We Do → You Do)

I can create a simile by comparing _____ to...

etymology

noun

Word family: **etymology** **etymologies** **etymological**

● **In this unit**

“The etymology of a word shows how people used it long ago.”

● **What it means**

The study of the origin and history of words.

In kid words: Learning where words came from!

● **Teacher models (I Do)**

“The etymology of 'telephone' shows it comes from Greek roots meaning 'far' and 'sound.’”

word etymology

two etymologies

an etymological clue

✓ **Means the SAME**

word history

word origin

derivation

× **Means the OPPOSITE**

modern slang

new coinage

invented term

× **NOT examples**

the definition of a word

how to pronounce a word

a spelling rule

? **Why we use it**

Knowing etymology helps you decode unfamiliar words like a detective!

Your turn (We Do → You Do)

The etymology of this word is interesting because...

amazing

adjective

Word family: **amaze** **amazes** **amazing** **amazed** **amazement**
amazingly

● **In this unit**

"The pyramids are an amazing achievement from the ancient past."

● **What it means**

Causing great surprise or wonder; remarkably impressive.

In kid words: Something so cool or good that it makes you say wow!

● **Teacher models (I Do)**

"The students built an amazing robot that could sort recycling automatically."

an amazing discovery

it amazed everyone

filled with amazement

✓ **Means the SAME**

incredible

wonderful

astonishing

✗ **Means the OPPOSITE**

ordinary

boring

unremarkable

✗ **NOT examples**

a plain white wall

a regular pencil

something ordinary

❓ **Why we use it**

Amazing is a powerful adjective that comes from the verb amaze. Using strong adjectives makes your writing more interesting and descriptive!

Your turn (We Do → You Do)

The _____ was amazing because...

idiom

noun

Word family: **idiom** **idioms** **idiomatic**

● **In this unit**

"People long ago used an idiom that we still say today."

● **What it means**

A phrase whose meaning cannot be understood from the individual words alone.

In kid words: A saying that means something totally different from what the words say!

● **Teacher models (I Do)**

"When she said 'it is raining cats and dogs,' she used an idiom to mean it was raining very hard."

a common idiom

two idioms

an idiomatic phrase

✓ **Means the SAME**

expression

saying

figure of speech

✗ **Means the OPPOSITE**

literal phrase

plain language

direct statement

✗ **NOT examples**

I am hungry

a literal sentence

plain words

❓ **Why we use it**

Knowing idioms helps you understand everyday English conversations!

Your turn (We Do → You Do)

The idiom _____ really means...

literal

adjective

Word family: **literal** **literally**

● In this unit

"The chronicle gave a literal account of what really happened."

● What it means

Taking words in their usual or most basic sense, without exaggeration or metaphor.

In kid words: Meaning exactly what the words say!

● Teacher models (I Do)

"The literal meaning of 'dictate' is 'to say or speak,' from the Latin root 'dict.'"

the literal meaning

taken literally

a literal translation

✓ Means the SAME

exact

actual

precise

× Means the OPPOSITE

figurative

metaphorical

symbolic

× NOT examples

a joke or exaggeration

a metaphor

an idiom

Why we use it

Knowing the literal meaning helps you understand figurative language too!

Your turn (We Do → You Do)

The literal meaning of this word is...

inference

noun

Word family: **infer** **infers** **inferring** **inferred** **inference**
inferences

● In this unit

"We made an inference about daily life from the old artifacts."

● What it means

A conclusion reached by reasoning from evidence and clues rather than direct statements.

In kid words: A smart guess you make using clues from what you read!

● Teacher models (I Do)

"Based on the dark clouds, we can make an inference that it will rain."

make an inference **she inferred the answer** **two logical inferences**

✓ Means the SAME

conclusion **deduction**

judgment

✗ Means the OPPOSITE

guess **assumption** **wild guess**

✗ NOT examples

reading the answer directly **being told the answer**

seeing it written clearly

? Why we use it

Making inferences helps you understand hidden meanings in stories and real life!

Your turn (We Do → You Do)

I made an inference that _____ because...

analogy noun

Word family: analogy analogies analogous

● **In this unit**

"The teacher used an analogy to compare past and present life."

● **What it means**

A comparison between two things to explain or clarify an idea.

In kid words: Showing how two different things are alike to help explain something!

● **Teacher models (I Do)**

"The teacher used an analogy comparing the brain to a computer to explain memory."

draw an analogy

two helpful analogies

an analogous example

✓ **Means the SAME**

comparison

parallel

likeness

✗ **Means the OPPOSITE**

contrast

difference

dissimilarity

✗ **NOT examples**

a random fact

an unrelated topic

a contradiction

Why we use it

Analogies help you explain difficult ideas by connecting them to familiar things!

Your turn (We Do → You Do)

An analogy for _____ would be...

notation

noun

Word family: **notate** **notates** **notating** **notated** **notation**
notations

● **In this unit**

"Historians use a kind of notation to record dates and events from the past."

● **What it means**

A system of written symbols used to record information.

In kid words: Written symbols that stand for something!

● **Teacher models (I Do)**

"Musicians read notation to know which notes to play."

musical notation

notated the song

clear notations

✓ **Means the SAME**

symbols

markings

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

random scribbles

a doodle

a drawing

? **Why we use it**

Notation lets people record and share ideas with symbols.

Your turn (We Do → You Do)

We used notation to show...

context

noun

Word family: context contexts contextual contextualize

● In this unit

“Knowing the historical context helps us understand the old artifact.”

● What it means

The circumstances or setting that help determine the meaning of a word or event.

In kid words: The clues around a word or situation that help you understand it!

● Teacher models (I Do)

“Using context clues, she figured out that the unfamiliar word meant happy.”

context clues

two contexts

the contextual meaning

✓ Means the SAME

setting

background

circumstances

× Means the OPPOSITE

isolation

void

vacuum

× NOT examples

*a random letter**a blank page**words with no setting*

Why we use it

Context is your best tool for figuring out unknown words!

Your turn (We Do → You Do)

The context of the sentence helped me understand that...

morpheme

noun

Word family: **morpheme** **morphemes** **morphology**

● **In this unit**

“A morpheme is the smallest part of a word that carries meaning.”

● **What it means**

The smallest unit of meaning in a language, such as a prefix, root, or suffix.

In kid words: The tiniest piece of a word that still has its own meaning!

● **Teacher models (I Do)**

“The word ‘unhappily’ contains three morphemes: un-, happy, and -ly.”

un- is a morpheme

two morphemes

the study of morphology

✓ **Means the SAME**

word part

unit

element

✗ **Means the OPPOSITE**

sentence

paragraph

full text

✗ **NOT examples**

a random letter

a punctuation mark

a space between words

❓ **Why we use it**

Knowing morphemes helps you decode even the longest, hardest words!

Your turn (We Do → You Do)

I can break the word _____ into morphemes like...

proverb

noun

Word family: **proverb** **proverbs** **proverbial**

● **In this unit**

“An old proverb from long ago still teaches a lesson today.”

● **What it means**

A short, well-known saying that expresses a general truth or piece of advice.

In kid words: A famous short sentence that teaches a life lesson!

● **Teacher models (I Do)**

“The proverb ‘Actions speak louder than words’ means what you do matters more than what you say.”

a wise proverb

two proverbs

a proverbial saying

✓ **Means the SAME**

saying

adage

maxim

✗ **Means the OPPOSITE**

fiction

falsehood

lie

✗ **NOT examples**

a recipe

a math formula

a phone number

Why we use it

Proverbs share wisdom from people all around the world!

Your turn (We Do → You Do)

My favorite proverb is _____ because...

synthesis

noun

Word family: synthesis syntheses synthesize synthesizing
synthesized synthetic

● In this unit

"Our report was a synthesis of facts from several old sources."

● What it means

The combining of different ideas, elements, or things into a connected whole.

In kid words: Mixing different ideas together to create something new and complete!

● Teacher models (I Do)

"Her essay was a brilliant synthesis of science, history, and personal experience."

a synthesis of ideas

synthesized the research

a synthetic blend

✓ Means the SAME

combination

blend

integration

× Means the OPPOSITE

analysis

separation

breakdown

× NOT examples

taking things apart

keeping ideas separate

ignoring connections

Why we use it

Synthesis shows you can connect ideas from different sources into something original!

Your turn (We Do → You Do)

I created a synthesis of _____ and _____ by...

carefully

adverb

Word family: **care** **careful** **carefully** **careless** **carelessly**

● **In this unit**

"The archaeologist carefully brushed the dirt off the ancient bone."

● **What it means**

In a way that gives close attention to avoid mistakes.

In kid words: With care and attention!

● **Teacher models (I Do)**

"She carefully measured each ingredient."

work carefully

a careful plan

a careless mistake

✓ **Means the SAME**

cautiously

✗ **Means the OPPOSITE**

carelessly

✗ **NOT examples**

rushing through it

working carelessly

not paying attention

❓ **Why we use it**

Shows a careful, precise way of doing things.

Your turn (We Do → You Do)

I worked carefully when...

allusion

noun

Word family: allusion allusions allude alludes alluding
alluded

● In this unit

"The writer made an allusion to a famous event in history."

● What it means

A brief, indirect reference to a person, place, event, or work of literature.

In kid words: A quick mention of something famous that helps add meaning to your writing!

● Teacher models (I Do)

"When she called him 'a real Einstein,' she made an allusion to the famous scientist."

a literary allusion two allusions alluded to a myth

✓ Means the SAME

reference mention hint

× Means the OPPOSITE

direct statement

explicit explanation

full description

× NOT examples

a detailed biography a complete retelling a dictionary definition

? Why we use it

Recognizing allusions helps you understand deeper meanings in literature!

Your turn (We Do → You Do)

The allusion to _____ in the story means...

frantically

adverb

Word family: **frantic** **frantically**

● **In this unit**

"People frantically fled when the ancient city was attacked."

● **What it means**

In a wild, hurried way because of fear or worry.

In kid words: In a panicked rush!

● **Teacher models (I Do)**

"People frantically searched for shelter from the storm."

frantically waved

a frantic search

worked frantically

✓ **Means the SAME**

desperately

✗ **Means the OPPOSITE**

calmly

✗ **NOT examples**

calmly waiting

relaxing quietly

moving slowly

❓ **Why we use it**

Adds panic and urgency to a scene.

Your turn (We Do → You Do)

They frantically...

coherent

adjective

Word family: coherent coherently coherence incoherent

● **In this unit**

“Put the events in a coherent order so the history makes sense.”

● **What it means**

Logical, consistent, and forming a unified whole; easy to follow.

In kid words: When your writing makes sense and everything connects together!

● **Teacher models (I Do)**

“Her essay presented a coherent argument that convinced the entire class.”

a coherent argument

spoke coherently

clear coherence

✓ **Means the SAME**

logical

clear

consistent

✗ **Means the OPPOSITE**

confusing

disjointed

incoherent

✗ **NOT examples**

random words

mixed-up sentences

an incoherent mumble

Why we use it

Coherent writing helps readers understand your ideas easily!

Your turn (We Do → You Do)

My writing becomes more coherent when I...

evaluate

verb

Word family: **evaluate** **evaluates** **evaluating** **evaluated**
evaluation **reevaluate**

● **In this unit**

"Historians evaluate old sources to decide what is true."

● **What it means**

To judge or determine the significance, worth, or quality of something.

In kid words: To look carefully at something and decide how good it is!

● **Teacher models (I Do)**

"After reading the story, the class evaluated the author's use of figurative language."

evaluate the plan

she evaluated the results

a fair evaluation

✓ **Means the SAME**

assess

judge

appraise

✗ **Means the OPPOSITE**

ignore

overlook

disregard

✗ **NOT examples**

guessing without evidence

accepting everything blindly

skipping the review

Why we use it

Evaluate is one of the most important academic words. Every time you think critically about quality, you are evaluating!

Your turn (We Do → You Do)

I evaluated ____ by looking at ____.

simultaneous

adjective

Word family: simultaneous simultaneously

● In this unit

“Two ancient civilizations grew at the same, simultaneous time.”

● What it means

Happening or done at the same time.

In kid words: Two things happening at the exact same moment!

● Teacher models (I Do)

“The simultaneous thunderclap and lightning flash startled everyone.”

simultaneous events

spoke simultaneously

simultaneous actions

✓ Means the SAME

concurrent

parallel

synchronized

✗ Means the OPPOSITE

sequential

separate

consecutive

✗ NOT examples

one event after another

taking turns

events on different days

? Why we use it

This word helps you describe things that happen at the exact same time, which is useful in science and storytelling!

Your turn (We Do → You Do)

The _____ and _____ were simultaneous because...

aspire

verb

Word family: aspire aspires aspiring aspired aspiration

● **In this unit**

“Ancient builders would aspire to create monuments that lasted forever.”

● **What it means**

To direct one's hopes or ambitions toward achieving something great.

In kid words: To dream big and want to reach an amazing goal!

● **Teacher models (I Do)**

“The poet aspired to inspire readers to take the road less traveled.”

adjective

Word family: **nocturnal** **nocturnally**

● **In this unit**

"Bats are nocturnal, so they sleep all day and fly at night."

● **What it means**

Active at night and resting during the day.

In kid words: Awake at night!

● **Teacher models (I Do)**

"Owls are nocturnal animals that hunt in the dark."

a nocturnal animal

hunts nocturnally

mostly nocturnal

✓ **Means the SAME**

night-active

✗ **Means the OPPOSITE**

daytime

✗ **NOT examples**

a daytime animal

an animal awake at noon

a sun-loving lizard

❓ **Why we use it**

Knowing an animal is nocturnal tells us when it hunts and rests.

Your turn (We Do → You Do)

A nocturnal animal sleeps when...

nuance

noun

Word family: nuance nuances nuanced

● In this unit

"Scientists notice every small nuance in how an animal behaves."

● What it means

A subtle difference in or shade of meaning, expression, or sound.

In kid words: A tiny but important difference that changes the meaning of something!

● Teacher models (I Do)

"Understanding the nuance between 'happy' and 'elated' makes your writing more precise."

a subtle nuance

tiny nuances

a nuanced opinion

✓ Means the SAME

subtlety

shade

distinction

✗ Means the OPPOSITE

obvious difference

bluntness

simplicity

✗ NOT examples

black and white

a loud shout

an obvious answer

Why we use it

Noticing nuances shows you are becoming a sophisticated reader and writer!

Your turn (We Do → You Do)

The nuance between _____ and _____ is...

versatile

adjective

Word family: versatile versatility

● **In this unit**

"The clever fox is a versatile animal that lives in many habitats."

● **What it means**

Able to adapt or be adapted to many different functions or activities.

In kid words: Being good at lots of different things, not just one!

● **Teacher models (I Do)**

"She is a versatile student who excels in both science and creative writing."

a versatile athlete

a versatile tool

great versatility

✓ **Means the SAME**

adaptable

flexible

multitalented

× **Means the OPPOSITE**

limited

rigid

inflexible

× **NOT examples**

a one-trick pony

a single-use item

doing only one thing

Why we use it

Being versatile means you can succeed in many different situations!

Your turn (We Do → You Do)

I am versatile because I can...

compose verb

Word family: compose composes composing composed
composer composition decompose

● **In this unit**

“Many tiny living things compose a healthy ecosystem.”

● **What it means**

To write or create something, especially a piece of writing or music.

✓ **Means the SAME**

write create craft

✗ **Means the OPPOSITE**

destroy erase dismantle

✗ **NOT examples**

copying someone else leaving a page blank tearing up paper

? **Why we use it**

Composing is how you turn your ideas into something others can read and enjoy!

Your turn (We Do → You Do)

When I compose a piece of writing, I start by...

integrate verb

Word family: integrate integrates integrating integrated
integration disintegrate

● **In this unit**

"A new animal must integrate into the food web of its habitat."

● **What it means**

To combine or bring together different parts into a unified whole.

In kid words: Putting different pieces together to make something complete!

● **Teacher models (I Do)**

"The teacher helped us integrate science and writing into one project."

integrate ideas integrated the subjects smooth integration

✓ **Means the SAME**

combine merge unify

✗ **Means the OPPOSITE**

separate divide isolate

✗ **NOT examples**

breaking apart keeping things separate letting it disintegrate

? **Why we use it**

Integrating knowledge from different areas makes your learning stronger!

Your turn (We Do → You Do)

We can integrate _____ and _____ by...

migrate

verb

Word family: **migrate** **migrates** **migrating** **migration**
migrant **immigrate**

● **In this unit**

"Many birds migrate to warmer places before winter."

● **What it means**

To move from one region or habitat to another, especially on a seasonal basis.

In kid words: To migrate means to travel a long distance to find a better place to live, usually when the seasons change!

● **Teacher models (I Do)**

"Every autumn, monarch butterflies migrate thousands of miles from Canada to Mexico."

birds migrate south **the herd migrated** **the annual migration**

✓ **Means the SAME**

travel **journey** **relocate**

× **Means the OPPOSITE**

stay **remain** **settle**

× **NOT examples**

a cat walking to its bowl **a student going to class** **a fish in a tank**

? **Why we use it**

Migration is one of nature's most amazing events and helps animals survive changing conditions.

Your turn (We Do → You Do)

Animals migrate because _____.

criterion

noun

Word family: **criterion** **criteria**

● In this unit

“One criterion for being alive is that living things can grow.”

● What it means

A standard or principle by which something may be judged or decided.

In kid words: A rule or measure you use to decide if something is good enough!

● Teacher models (I Do)

“One criterion for a good essay is that it has a clear thesis statement.”

meet the criterion

several criteria

an important criterion

✓ Means the SAME

standard

measure

benchmark

✗ Means the OPPOSITE

guess

random choice

whim

✗ NOT examples

flipping a coin

picking randomly

no rules at all

? Why we use it

Having clear criteria helps you judge quality and improve your own work!

Your turn (We Do → You Do)

The most important criterion for _____ is...

gracefully

adverb

Word family: **grace** **graceful** **gracefully** **graceless**

● **In this unit**

"The deer moved gracefully through the quiet forest."

● **What it means**

In a smooth, elegant, and controlled way.

In kid words: Smoothly and beautifully!

● **Teacher models (I Do)**

"The astronaut floated gracefully across the cabin."

moved gracefully

a graceful dancer

full of grace

✓ **Means the SAME**

elegantly

✗ **Means the OPPOSITE**

clumsily

✗ **NOT examples**

tripping clumsily

a graceless stumble

falling over

❓ **Why we use it**

Describes smooth, elegant movement.

Your turn (We Do → You Do)

It moved gracefully when...

survive

verb

Word family: survive survives surviving survived survival survivor

● In this unit

"Animals need food, water, and shelter to survive in the wild."

● What it means

To continue to live or exist, especially after a difficult or dangerous situation.

In kid words: To stay alive through something really hard, like bad weather or a tough challenge!

● Teacher models (I Do)

"Many animals survive the cold winter by storing food in autumn."

survive the winter

they survived the storm

a fight for survival

✓ Means the SAME

endure

last

withstand

✗ Means the OPPOSITE

perish

fail

succumb

✗ NOT examples

giving up

not making it through

quitting when it gets hard

? Why we use it

Survive is a powerful science word that helps you talk about how living things make it through challenges!

Your turn (We Do → You Do)

To survive _____, you need to...

legacy noun

Word family: legacy legacies

● **In this unit**

“Protecting nature leaves a healthy legacy for future life.”

● **What it means**

Something handed down from the past; a lasting impact or contribution.

In kid words: The important things you leave behind for others to remember and use!

● **Teacher models (I Do)**

“The great teacher left a legacy of students who love learning.”

a lasting legacy

two family legacies

a legacy of kindness

✓ **Means the SAME**

heritage

inheritance

contribution

× **Means the OPPOSITE**

forgetfulness

insignificance

obscurity

× **NOT examples**

something temporary

a disposable item

a passing moment

? **Why we use it**

Thinking about your legacy inspires you to make a positive difference!

Your turn (We Do → You Do)

The legacy I want to leave is...

cheered

verb

Word family: **cheer** **cheers** **cheering** **cheered** **cheerful**
cheerfully

● In this unit

"The students cheered when the baby animals were born at the reserve."

● What it means

Shouted for joy or in order to encourage someone.

In kid words: Yelling happy words to show excitement or support!

● Teacher models (I Do)

"The crowd cheered when the runner crossed the finish line first."

cheered loudly **cheering for the team** **a cheerful crowd**

✓ Means the SAME

applauded **celebrated**

shouted

× Means the OPPOSITE

booed **jeered** **criticized**

× NOT examples

sitting quietly **whispering a secret** **ignoring the game**

? Why we use it

Cheered is an action word that helps you describe moments of excitement and celebration.

Your turn (We Do → You Do)

The students cheered because...

environment noun

Word family: **environment** **environments** **environmental**
environmentally

● **In this unit**

“Every animal depends on a healthy environment to live.”

● **What it means**

The surroundings or conditions in which people live.

In kid words: The world around us—nature and places!

● **Teacher models (I Do)**

“Planting trees helps the environment.”

protect the environment

different environments

environmental science

✓ **Means the SAME**

surroundings

nature

habitat

✗ **Means the OPPOSITE**

pollution

destruction

✗ **NOT examples**

things that harm nature

polluting a river

wasting resources

Why we use it

Important word for science and citizenship!

Your turn (We Do → You Do)

We can help the environment by...

portray

verb

Word family: **portray** **portrays** **portraying** **portrayed**
portrayal

● **In this unit**

"The drawing tried to portray the animals in their natural habitat."

● **What it means**

To describe or show someone or something in a particular way.

In kid words: Showing what someone or something is like through words or pictures!

● **Teacher models (I Do)**

"The author used vivid details to portray the beautiful sunset over the ocean."

portray a character

she portrayed the hero

a vivid portrayal

✓ **Means the SAME**

depict

represent

describe

✗ **Means the OPPOSITE**

distort

misrepresent

hide

✗ **NOT examples**

leaving details out

keeping it secret

describing nothing

? **Why we use it**

Portray is essential for discussing characters in books, art, and media!

Your turn (We Do → You Do)

The story portrays the character as _____ because...

camouflage

noun

Word family: camouflage camouflages camouflaged
camouflaging

● In this unit

"A green grasshopper uses camouflage to hide among the leaves."

● What it means

Colors or patterns that help an animal blend in and hide.

In kid words: Blending in to hide!

● Teacher models (I Do)

"The green lizard used camouflage to hide on the leaf."

natural camouflage camouflaged itself camouflaging its body

✓ Means the SAME

disguise blending in

× Means the OPPOSITE

—

× NOT examples

bright colors that stand out a glowing sign standing in the open

? Why we use it

Camouflage helps animals hide from predators or sneak up on prey.

Your turn (We Do → You Do)

The ___ uses camouflage to...

ecosystem noun

Word family: ecosystem ecosystems

● **In this unit**

"A pond is an ecosystem where plants and animals live together."

● **What it means**

A community of living things and their environment.

In kid words: All living things in one place working together!

● **Teacher models (I Do)**

"The pond is a small ecosystem with fish, plants, and insects."

a forest ecosystem

ocean ecosystems

a balanced ecosystem

✓ **Means the SAME**

habitat

environment

biome

✗ **Means the OPPOSITE**

destruction

pollution

✗ **NOT examples**

a place with no plants or animals

a lifeless desert

an empty parking lot

? **Why we use it**

Important science word for understanding nature!

Your turn (We Do → You Do)

An ecosystem I learned about is...

provisions

noun

Word family: **provision** **provisions** **provide** **providing**
provided **provider**

● In this unit

"Animals store provisions of food to survive the cold winter."

● What it means

Supplies of food, drink, or equipment needed for a journey.

In kid words: All the stuff you pack and bring when going on a trip or adventure!

● Teacher models (I Do)

"The hikers packed enough provisions to last the entire three-day camping trip."

packed provisions

provided the food

a helpful provider

✓ Means the SAME

supplies

rations

equipment

✗ Means the OPPOSITE

shortage

scarcity

lack

✗ NOT examples

leaving with nothing

an empty backpack

forgetting your lunch

? Why we use it

Provisions is a great word for describing what you need for adventures and journeys!

Your turn (We Do → You Do)

**Before the trip, we gathered provisions such as _____
 because...**

courage

noun

Word family: **courage** **courageous** **courageously** **encourage**
discourage

● **In this unit**

"It takes courage to protect wild animals and their habitats."

● **What it means**

The ability to face fear, pain, or difficulty without being overcome.

In kid words: Being brave even when you feel scared!

● **Teacher models (I Do)**

"It took real courage for the new student to stand up and introduce herself to the class."

showed courage

a courageous act

encourage a friend

✓ **Means the SAME**

bravery

valor

fearlessness

✗ **Means the OPPOSITE**

cowardice

fear

timidity

✗ **NOT examples**

running away from every problem

hiding from a challenge

refusing to try

Why we use it

Courage is an important abstract noun that describes a character trait valued in every culture.

Your turn (We Do → You Do)

I showed courage when I _____ because...

adaptation

noun

Word family: **adapt** **adapts** **adapting** **adapted** **adaptation**
adaptable

● **In this unit**

"A camel's hump is an adaptation that helps it survive in the desert."

● **What it means**

A feature or behavior that helps a living thing survive in its habitat.

In kid words: Something special that helps it survive!

● **Teacher models (I Do)**

"A polar bear's thick fur is an adaptation for the cold."

a useful adaptation

the fox adapted

an adaptable animal

✓ **Means the SAME**

adjustment

× **Means the OPPOSITE**

—

× **NOT examples**

a toy

a wish

a lucky guess

❓ **Why we use it**

Adaptations help living things survive in their environment.

Your turn (We Do → You Do)

One adaptation that helps the ___ is...

honesty

noun

Word family: honest honestly honesty dishonest dishonesty

● In this unit

"Scientists report their findings about nature with honesty."

● What it means

The quality of being truthful and free from deceit.

In kid words: Always telling the truth, even when it is hard!

● Teacher models (I Do)

"Her honesty about the broken window earned her the teacher's respect."

complete honesty

answered honestly

a dishonest excuse

✓ Means the SAME

truthfulness

integrity

sincerity

× Means the OPPOSITE

dishonesty

deception

lying

× NOT examples

telling a lie

copying someone's work

making up a story

? Why we use it

Honesty is an abstract noun that names a character trait essential for trust and relationships.

Your turn (We Do → You Do)

Honesty is important because...

orbit

noun

Word family: orbit orbits orbiting orbited orbital

● In this unit

"It takes the Earth one year to orbit the Sun."

● What it means

The curved path one object takes around another in space.

In kid words: The path a planet travels!

● Teacher models (I Do)

"The Earth takes one year to orbit the Sun."

the Moon's orbit

orbiting the Earth

an orbital path

✓ Means the SAME

path

✗ Means the OPPOSITE

—

✗ NOT examples

a straight line

standing still

a falling rock

? Why we use it

Orbits explain how planets and moons move.

Your turn (We Do → You Do)

The Earth orbits the Sun, which causes...

recollect

verb

Word family: collect collects collecting collected collection
recollect recollection

● In this unit

"The astronaut tried to recollect everything she saw in space."

● What it means

To remember something; to bring back to mind.

In kid words: Trying to remember something that happened before!

● Teacher models (I Do)

"She tried to recollect where she had left her library book."

recollect the details collected his thoughts a faint recollection

✓ Means the SAME

remember recall reminisce

× Means the OPPOSITE

forget overlook neglect

× NOT examples

completely forgetting having no idea a total blank

? Why we use it

Recollect is a more formal way to say remember, useful in academic writing!

Your turn (We Do → You Do)

I tried to recollect _____ but...

project noun

Word family: project projects projecting projected
projection projector

● **In this unit**

“Our space project was to build a model of the solar system.”

● **What it means**

A planned piece of work designed to achieve a particular aim or produce something.

In kid words: A project is a task you plan and work on over time to create or learn something!

● **Teacher models (I Do)**

“Our science project about solar energy won first place at the school fair.”

a science project two group projects projected onto the wall

✓ **Means the SAME**

assignment task undertaking

× **Means the OPPOSITE**

leisure activity free time

break

× **NOT examples**

eating lunch taking a nap watching a movie for fun

? **Why we use it**

Working on projects teaches you to plan, research, and present your ideas clearly.

Your turn (We Do → You Do)

For my next science project, I want to ____.

trajectory

noun

Word family: trajectory trajectories

● In this unit

“Scientists calculated the trajectory the spacecraft would take to Mars.”

● What it means

The curved path that a moving object follows through the air or space.

In kid words: The path something travels!

● Teacher models (I Do)

“The rocket followed a curved trajectory toward the Moon.”

the rocket's trajectory

two trajectories

a high trajectory

✓ Means the SAME

path

course

× Means the OPPOSITE

—

× NOT examples

standing still

a frozen object

no movement at all

? Why we use it

Knowing a trajectory helps scientists send spacecraft to the right place.

Your turn (We Do → You Do)

The trajectory of the ___ was...

conjecture

noun

Word family: conjecture conjectures conjectured

● **In this unit**

“Before telescopes, people could only make a conjecture about the stars.”

● **What it means**

An opinion or conclusion formed on the basis of incomplete information.

In kid words: A guess based on what you know so far, even though you're not totally sure!

● **Teacher models (I Do)**

“Without more evidence, the detective's theory was only conjecture.”

mere conjecture

wild conjectures

he conjectured a reason

✓ **Means the SAME**

guess

theory

speculation

✗ **Means the OPPOSITE**

fact

certainty

proof

✗ **NOT examples**

a proven fact

something you saw happen

a checked answer

? **Why we use it**

Conjecture is a great academic word for making educated guesses in science and reading!

Your turn (We Do → You Do)

My conjecture about _____ is _____ because...

gravity

noun

Word family: gravity gravitate gravitational

● In this unit

“Gravity is the force that keeps the planets moving around the Sun.”

● What it means

The force that pulls objects toward each other, like toward the Earth.

In kid words: The pull that keeps us down!

● Teacher models (I Do)

“Gravity pulls a ball back down when you throw it up.”

the force of gravity

objects gravitate downward

a gravitational pull

✓ Means the SAME

force

pull

× Means the OPPOSITE

—

× NOT examples

floating freely

drifting in space

weightlessness

? Why we use it

Gravity keeps us on Earth and holds planets in orbit.

Your turn (We Do → You Do)

Gravity is important because...

pattern

noun

Word family: pattern patterns patterned

● **In this unit**

"The stars form a pattern that we can see in the night sky."

● **What it means**

A repeated or regular arrangement of shapes, colors, events, or behaviors.

In kid words: A pattern is something that repeats in the same way, like stripes or seasons!

● **Teacher models (I Do)**

"Scientists study weather patterns to predict when storms might happen."

a weather pattern

repeating patterns

a patterned cloth

✓ **Means the SAME**

design

arrangement

sequence

✗ **Means the OPPOSITE**

randomness

chaos

disorder

✗ **NOT examples**

a single raindrop

one random event

a pile of mixed-up blocks

? **Why we use it**

Recognizing patterns helps us make predictions in science, math, and everyday life.

Your turn (We Do → You Do)

I can see a pattern when _____.

constellation

noun

Word family: **constellation** **constellations**

● **In this unit**

“At night, we connect the stars to find a constellation.”

● **What it means**

A group of stars that forms a pattern in the night sky.

In kid words: A picture made of stars!

● **Teacher models (I Do)**

“The constellation looked like a giant hunter in the sky.”

a bright constellation

famous constellations

find the constellation

✓ **Means the SAME**

star pattern

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

a single star

a lone planet

one tiny dot

❓ **Why we use it**

Constellations help people find their way and tell star stories.

Your turn (We Do → You Do)

We can find the ___ constellation by...

phenomenon

noun

Word family: **phenomenon** **phenomena** **phenomenal**
phenomenally

● **In this unit**

"A solar eclipse is an amazing phenomenon we can see from Earth."

● **What it means**

Something that happens or exists that can be observed, especially something remarkable.

In kid words: An amazing event you can observe!

● **Teacher models (I Do)**

"An eclipse is a rare phenomenon in the sky."

a natural phenomenon

strange phenomena

a phenomenal sight

✓ **Means the SAME**

event

occurrence

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

an ordinary moment

an everyday event

nothing unusual

? **Why we use it**

Scientists study a phenomenon to understand how the world works.

Your turn (We Do → You Do)

One phenomenon we can observe is...

necessity

noun

Word family: **necessity** **necessities** **necessary** **necessarily**
unnecessary

● **In this unit**

"Oxygen is a necessity that astronauts must carry into space."

● **What it means**

The fact of being required or indispensable; something essential.

In kid words: Something you absolutely need and can't do without!

● **Teacher models (I Do)**

"Clean drinking water is a necessity for every living creature on Earth."

a basic necessity

two necessities

a necessary item

✓ **Means the SAME**

requirement

need

essential

✗ **Means the OPPOSITE**

luxury

option

extra

✗ **NOT examples**

a toy you only want

an unnecessary extra

a fancy decoration

❓ **Why we use it**

Understanding necessity vs. luxury helps you make smart decisions about what really matters!

Your turn (We Do → You Do)

A necessity in my daily life is _____ because...

eclipse

noun

Word family: **eclipse** **eclipses** **eclipsed** **eclipsing**

● **In this unit**

“During an eclipse, the Moon blocks the light of the Sun.”

● **What it means**

When one object in space blocks the light of another, casting a shadow.

In kid words: When something blocks the Sun!

● **Teacher models (I Do)**

“During a solar eclipse, the Moon blocks the Sun's light.”

a solar eclipse

two eclipses

the Sun was eclipsed

✓ **Means the SAME**

shadow

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

a cloudy day

a sunny afternoon

a starry night

❓ **Why we use it**

Eclipses show how the Sun, Earth, and Moon line up.

Your turn (We Do → You Do)

An eclipse happens when...

conserve verb

Word family: **conserve** **conserves** **conserving** **conserved**
conservation **conservationist**

● In this unit

"Astronauts must conserve their air and water in space."

● What it means

To protect something from harm, loss, or waste; to use carefully and sparingly.

In kid words: To conserve means to save something and not waste it, like turning off lights to save energy!

● Teacher models (I Do)

"Our family tries to conserve water by taking shorter showers and fixing leaky faucets."

conserve water

conserving energy

water conservation

✓ Means the SAME

save

preserve

protect

✗ Means the OPPOSITE

waste

squander

deplete

✗ NOT examples

leaving all the lights on

wasting water

throwing away food

Why we use it

Conserving resources helps protect our planet for future generations.

Your turn (We Do → You Do)

One way I can conserve energy is by _____.

circumstance

noun

Word family: circumstance circumstances circumstantial

● **In this unit**

"Floating is a strange circumstance for the body in space."

● **What it means**

A fact or condition connected with an event or action.

In kid words: The situation or conditions around something that happens!

● **Teacher models (I Do)**

"Under the circumstances, the teacher decided to postpone the test until Monday."

under the circumstances

difficult circumstances

circumstantial evidence

✓ **Means the SAME**

situation

condition

context

✗ **Means the OPPOSITE**

irrelevance

unrelated factor

✗ **NOT examples**

something completely unrelated

a random fact

ignoring the situation

Why we use it

Understanding circumstances helps you explain WHY things happen the way they do!

Your turn (We Do → You Do)

The circumstances that led to _____ were...

privilege noun

Word family: privilege privileges privileged underprivileged

● **In this unit**

"It is a great privilege to travel into outer space."

● **What it means**

A special right, advantage, or benefit granted to a particular person or group.

In kid words: A privilege is a special thing you are allowed to do that is not given to everyone!

● **Teacher models (I Do)**

"Using the computer during free time is a privilege that can be taken away if rules are broken."

a special privilege

earned privileges

a privileged guest

✓ **Means the SAME**

benefit

right

advantage

✗ **Means the OPPOSITE**

restriction

penalty

punishment

✗ **NOT examples**

a daily chore

a required test

a regular assignment

? **Why we use it**

Understanding privileges teaches responsibility and the connection between behavior and consequences.

Your turn (We Do → You Do)

One privilege I enjoy at school is _____.

expedition

noun

Word family: **expedition** **expeditions**

● **In this unit**

"The crew planned a long expedition to explore the Moon."

● **What it means**

A journey or voyage undertaken by a group for a specific purpose, such as exploration or research.

In kid words: An expedition is a trip taken to explore or discover something, like going into the jungle or climbing a mountain!

● **Teacher models (I Do)**

"The scientific expedition traveled deep into the Amazon rainforest to discover new plant species."

an arctic expedition

two expeditions

the expedition team

✓ **Means the SAME**

journey

voyage

adventure

✗ **Means the OPPOSITE**

stay

retreat

homecoming

✗ **NOT examples**

a walk to the store

a ride on the bus

a trip to the cafeteria

? **Why we use it**

Expeditions have led to major discoveries about our world, from new species to ancient civilizations.

Your turn (We Do → You Do)

If I went on an expedition, I would explore _____.

comet

noun

Word family: comet comets

- In this unit

"A comet is a ball of ice that travels around the Sun."

- What it means

A ball of ice and dust that travels around the Sun and grows a glowing tail.

In kid words: An icy space object with a tail!

- Teacher models (I Do)

"The comet streaked across the sky with a bright tail."

a bright comet

two comets

the comet's tail

✓ Means the SAME

space object

✗ Means the OPPOSITE

—

✗ NOT examples

a star

a planet

a cloud

- ?

Why we use it

Comets teach us about the edges of our solar system.

Your turn (We Do → You Do)

A comet is different from a planet because...

explorer noun

Word family: **explore** **explores** **exploring** **explored**
exploration **explorer**

● **In this unit**

"An astronaut is an explorer who travels far into space."

● **What it means**

A person who travels to unfamiliar places to learn about them.

In kid words: Someone who goes on adventures to discover new things!

● **Teacher models (I Do)**

"The explorer sailed across the ocean to find new lands."

a brave explorer **they explored the cave** **careful exploration**

✓ **Means the SAME**

adventurer **traveler**
discoverer

✗ **Means the OPPOSITE**

homebody **settler** **inhabitant**

✗ **NOT examples**

someone who stays home **a person afraid to try** **sitting in one place**

❓ **Why we use it**

Understanding the word explorer helps you learn about geography and the people who mapped our world!

Your turn (We Do → You Do)

An explorer would need _____ to survive in the wild because...

asteroid

noun

Word family: asteroid asteroids

● **In this unit**

"A rocky asteroid floated between the planets in space."

● **What it means**

A rocky object that orbits the Sun, smaller than a planet.

In kid words: A space rock that circles the Sun!

● **Teacher models (I Do)**

"A huge asteroid moved slowly through outer space."

a giant asteroid

many asteroids

the asteroid belt

✓ **Means the SAME**

space rock

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

a star

a planet

the Moon

❓ **Why we use it**

Asteroids help us learn how the solar system formed.

Your turn (We Do → You Do)

An asteroid is different from a planet because...

journey

noun

Word family: journey journeys journeyed journeying

● **In this unit**

"The journey to Mars would take many months."

● **What it means**

An act of traveling from one place to another, especially over a long distance.

In kid words: A trip you take from one place to another, usually far away!

● **Teacher models (I Do)**

"Marco Polo's journey from Italy to China took several years."

a long journey

many journeys

journeyed across the sea

✓ **Means the SAME**

trip

voyage

expedition

× **Means the OPPOSITE**

stay

standstill

rest

× **NOT examples**

walking to the kitchen

sitting in a chair

staying in your room

? **Why we use it**

Journey is a key word for talking about travel, exploration, and the adventures people take around the world!

Your turn (We Do → You Do)

If I could take a journey anywhere, I would go to _____ because...

cuisine

noun

Word family: **cuisine** **cuisines**

● **In this unit**

"Astronauts eat special cuisine that floats in zero gravity."

● **What it means**

A style or method of cooking, especially as characteristic of a particular country or region.

In kid words: The special way people in a country or region make their food!

● **Teacher models (I Do)**

"Thai cuisine is known for its balance of sweet, sour, salty, and spicy flavors."

Italian cuisine

many cuisines

local cuisine

✓ **Means the SAME**

cooking

food

fare

✗ **Means the OPPOSITE**

fast food

junk food

processed food

✗ **NOT examples**

a candy bar from a machine

a frozen dinner

food with no recipe

? **Why we use it**

Cuisine connects us to culture! Every country has unique dishes that tell a story about its people and history.

Your turn (We Do → You Do)

My favorite cuisine is _____ because the food tastes...

telescope

noun

Word family: telescope telescopes telescopic

● **In this unit**

"We use a telescope to see distant planets and stars."

● **What it means**

An optical instrument designed to make distant objects appear closer and larger.

In kid words: A telescope is a tool that helps you see things that are very far away, like stars and planets!

● **Teacher models (I Do)**

"We used a telescope to observe the craters on the moon during science night."

a space telescope

two telescopes

a telescopic lens

✓ **Means the SAME**

spyglass

scope

binoculars

✗ **Means the OPPOSITE**

microscope

magnifying glass

naked eye

✗ **NOT examples**

a pair of sunglasses

a camera

a flashlight

? **Why we use it**

Telescopes helped scientists discover planets, stars, and galaxies, changing our understanding of the universe.

Your turn (We Do → You Do)

If I had a telescope, I would look at _____.

rivalry

noun

Word family: rival rivals rivalry rivalries

● In this unit

"There was a great rivalry between countries to reach the Moon first."

● What it means

Competition for the same objective or for superiority in the same field.

In kid words: When two people or teams really want to beat each other!

● Teacher models (I Do)

"The rivalry between the two soccer teams made every game exciting to watch."

a friendly rivalry two rivals intense rivalries

✓ Means the SAME

competition contest feud

✗ Means the OPPOSITE

alliance cooperation

friendship

✗ NOT examples

teams helping each other not caring who wins working together

? Why we use it

Rivalry drives people to try harder — it appears in sports, history, and stories!

Your turn (We Do → You Do)

A rivalry can be positive when _____ because...

village

noun

Word family: **village** **villages** **villager** **villagers**

● **In this unit**

“Some people dream of building a village on another planet.”

● **What it means**

A small settlement of houses, smaller than a town.

In kid words: A tiny community with just a few houses and people living together!

● **Teacher models (I Do)**

“The fishing village on the coast of Greece had colorful houses and friendly people.”

a fishing village

two villages

a friendly villager

✓ **Means the SAME**

hamlet

settlement

community

✗ **Means the OPPOSITE**

city

metropolis

megalopolis

✗ **NOT examples**

a huge city

a crowded downtown

a giant mall

? **Why we use it**

Many people around the world live in villages, and understanding village life helps you learn about different cultures!

Your turn (We Do → You Do)

Life in a village would be different from a city because...

harvest

noun

Word family: **harvest** **harvests** **harvesting** **harvested**
harvester

● **In this unit**

“One day, astronauts may harvest food grown in space.”

● **What it means**

The process or period of gathering crops from the fields.

In kid words: The time when farmers pick the food they grew from their fields!

● **Teacher models (I Do)**

“The rice harvest in Southeast Asia is celebrated with music and dancing.”

the autumn harvest

harvesting crops

a busy harvester

✓ **Means the SAME**

crop

yield

gathering

✗ **Means the OPPOSITE**

planting

sowing

seeding

✗ **NOT examples**

planting seeds

watering new plants

an empty winter field

? **Why we use it**

Harvests are important events in cultures around the world, connecting food, seasons, and community celebrations!

Your turn (We Do → You Do)

During harvest time, farmers need to _____ because...

tourist

noun

Word family: **tour** **tours** **touring** **toured** **tourist** **tourism**

● **In this unit**

"In the future, a space tourist might travel up to orbit the Earth."

● **What it means**

A person who travels to and visits places for pleasure.

In kid words: Someone who visits new places for fun and adventure!

● **Teacher models (I Do)**

"The tourist took hundreds of photos of the Great Wall of China."

a foreign tourist

groups of tourists

touring the city

✓ **Means the SAME**

visitor

traveler

sightseer

✗ **Means the OPPOSITE**

local

resident

native

✗ **NOT examples**

a local resident

a person who never leaves home

a neighbor next door

? **Why we use it**

Tourism connects people from different countries and helps us learn about cultures around the world!

Your turn (We Do → You Do)

As a tourist in a new country, I would want to see _____ because...

astronaut

noun

Word family: astronaut astronauts

● **In this unit**

“An astronaut floats because there is little gravity in space.”

● **What it means**

A person trained to travel and work in outer space.

In kid words: An astronaut is a person who travels to space in a spacecraft!

● **Teacher models (I Do)**

“The astronaut floated inside the space station while conducting experiments.”

an astronaut's helmet

two astronauts

astronaut training

✓ **Means the SAME**

cosmonaut

space traveler

space explorer

✗ **Means the OPPOSITE**

civilian

ground crew

earthbound person

✗ **NOT examples**

a pilot

a deep-sea diver

a mountain climber

Why we use it

Astronauts push the boundaries of human exploration and help us understand life beyond Earth.

Your turn (We Do → You Do)

If I were an astronaut, I would _____.

voyage

noun

Word family: voyage voyages voyaged voyager

● **In this unit**

"The spacecraft began its long voyage to a faraway planet."

● **What it means**

A long journey by sea or in space.

In kid words: A long trip, especially one taken on a ship across the ocean!

● **Teacher models (I Do)**

"The Titanic's voyage across the Atlantic Ocean was one of the most famous in history."

an ocean voyage

two voyages

a brave voyager

✓ **Means the SAME**

journey

cruise

crossing

✗ **Means the OPPOSITE**

stay

arrival

landing

✗ **NOT examples**

a short walk to the store

driving across town

riding a bus to school

? **Why we use it**

Voyages across oceans connected continents and changed history through trade and exploration!

Your turn (We Do → You Do)

If I could take a voyage across any ocean, I would sail to _____ because...

continent

noun

Word family: **continent** **continents** **continental**

● **In this unit**

“From space, an astronaut can see a whole continent on Earth.”

● **What it means**

One of the seven main land masses on Earth.

In kid words: A really big piece of land on Earth. There are seven of them!

● **Teacher models (I Do)**

“Asia is the largest continent, home to more than four billion people.”

the African continent

seven continents

a continental map

✓ **Means the SAME**

landmass

mainland

land

× **Means the OPPOSITE**

ocean

sea

island

× **NOT examples**

an ocean

a small island

a lake

? **Why we use it**

Knowing the continents is essential for understanding world geography and where different countries are located!

Your turn (We Do → You Do)

The continent I would most like to explore is _____ because...

experience

noun

Word family: experience experiences experienced
experiencing inexperienced

● **In this unit**

“Walking on the Moon would be an unforgettable experience.”

● **What it means**

An event or occurrence that leaves an impression on someone.

In kid words: Something that happens to you that you remember and learn from!

● **Teacher models (I Do)**

“Visiting the Great Barrier Reef in Australia was an unforgettable experience for the whole family.”

an amazing experience

experienced travelers

an inexperienced beginner

✓ **Means the SAME**

adventure

event

encounter

✗ **Means the OPPOSITE**

inexperience

unfamiliarity

ignorance

✗ **NOT examples**

something you never did

an event you only imagined

a story someone else told

? **Why we use it**

Experiences shape who we are, and sharing them helps us connect with people from all over the world!

Your turn (We Do → You Do)

My best experience was _____ because it taught me...

concert

noun

Word family: **concert** **concerts**

● In this unit

"The astronauts watched a recorded concert to relax in space."

● What it means

A public performance of music before an audience.

In kid words: A show where musicians play songs for people to enjoy!

● Teacher models (I Do)

"The community concert brought hundreds of people together in the park."

an outdoor concert

two concerts

a school concert

✓ Means the SAME

performance

recital

show

× Means the OPPOSITE

rehearsal

practice

silence

× NOT examples

listening alone at home

a quiet library

reading silently

? Why we use it

Concerts bring communities together through the shared experience of music!

Your turn (We Do → You Do)

I would love to attend a concert because _____...

zeal

noun

Word family: **zeal** **zealous** **zealously**

● **In this unit**

"The rescue workers searched with great zeal after the earthquake."

● **What it means**

Great energy or enthusiasm in pursuit of a cause or objective.

In kid words: Having tons of energy and excitement about something you care about!

● **Teacher models (I Do)**

"The students attacked the science project with great zeal, staying after school to finish."

with great zeal

a zealous fan

worked zealously

✓ **Means the SAME**

enthusiasm

passion

fervor

✗ **Means the OPPOSITE**

apathy

indifference

boredom

✗ **NOT examples**

not caring at all

being bored

having no interest

? **Why we use it**

Zeal is a short but powerful word that shows real passion and energy!

Your turn (We Do → You Do)

I show zeal for _____ because...

citizen

noun

Word family: citizen citizens citizenship

● In this unit

“Every citizen should know what to do during an emergency.”

● What it means

A person who legally belongs to a country or community.

In kid words: A person who is a member of a town, city, or country!

● Teacher models (I Do)

“Every citizen has the right to vote in local elections.”

a responsible citizen

local citizens

proud of their citizenship

✓ Means the SAME

resident

inhabitant

member

× Means the OPPOSITE

foreigner

outsider

visitor

× NOT examples

a tourist passing through

someone who just arrived

a stranger with no ties

? Why we use it

Understanding citizenship helps us know our rights and responsibilities in a community!

Your turn (We Do → You Do)

A good citizen helps the community by _____.

community

noun

Word family: community communities communal

● **In this unit**

"The whole community helped each other after the flood."

● **What it means**

A group of people living in the same area or sharing common interests.

In kid words: All the people who live near you or share something in common!

● **Teacher models (I Do)**

"Our community worked together to build a new playground at the park."

a school community

many communities

a communal garden

✓ **Means the SAME**

neighborhood

group

society

✗ **Means the OPPOSITE**

isolation

individual

solitude

✗ **NOT examples**

one person alone on an island

a stranger with no connections

living by yourself

? **Why we use it**

Communities are where people support each other and work together for a better life!

Your turn (We Do → You Do)

My community is special because _____...

rough

adverb

Word family: rough rougher roughest roughly roughness

● In this unit

"The waves crashed rough and hard against the shore during the storm."

● What it means

In a forceful, aggressive, or not gentle manner.

In kid words: Playing or acting in a wild, not-careful way!

● Teacher models (I Do)

"The puppies were playing too rough and accidentally knocked over the lamp."

play rough

handled it roughly

a rough surface

✓ Means the SAME

roughly

aggressively

wildly

× Means the OPPOSITE

gently

carefully

softly

× NOT examples

petting a kitten gently

tiptoeing softly

reading quietly

? Why we use it

Rough helps describe actions and behaviors, which is important for writing about rules and safety.

Your turn (We Do → You Do)

We should not play too rough because...

dialogue

noun

Word family: **dialogue** **dialogues** **monologue**

● **In this unit**

"The story used dialogue to show people warning each other about the storm."

● **What it means**

A conversation between two or more people, especially in a book, play, or movie.

In kid words: The words that characters say to each other in a story!

● **Teacher models (I Do)**

"The dialogue between the two characters revealed their feelings."

realistic dialogue

funny dialogues

a one-person monologue

✓ **Means the SAME**

conversation

discussion

exchange

✗ **Means the OPPOSITE**

monologue

silence

narration

✗ **NOT examples**

thinking quietly to yourself

a description of scenery

the narrator's voice

? **Why we use it**

Understanding dialogue helps you write better stories and understand how characters communicate!

Your turn (We Do → You Do)

Good dialogue in a story helps the reader _____...

exclaim verb

Word family: **exclaim** **exclaims** **exclaiming** **exclaimed**
exclamation

● **In this unit**

"People exclaim in fear when they feel the ground shake."

● **What it means**

To cry out or speak suddenly and with strong feeling.

In kid words: To say something loudly because you are surprised or excited!

● **Teacher models (I Do)**

"She exclaimed with joy when she saw the surprise birthday party."

exclaim with joy **he exclaimed loudly** **an excited exclamation**

✓ **Means the SAME**

shout **yell** **declare**

✗ **Means the OPPOSITE**

whisper **murmur** **mumble**

✗ **NOT examples**

talking quietly **writing a note silently** **thinking without speaking**

? **Why we use it**

Using words like exclaim helps you write more vivid dialogue and show characters' emotions!

Your turn (We Do → You Do)

I might exclaim something when _____...

revolution

noun

Word family: revolution revolutions revolutionary revolt

● **In this unit**

“After the disaster, there was a revolution in how the city was rebuilt.”

● **What it means**

A forceful overthrow of a government or social system, or a dramatic and wide-reaching change.

In kid words: A big change, especially when people fight to create a new government!

● **Teacher models (I Do)**

“The American Revolution led to the creation of the United States.”

the American Revolution

two revolutions

a revolutionary idea

✓ **Means the SAME**

uprising rebellion

transformation

✗ **Means the OPPOSITE**

stability tradition continuity

✗ **NOT examples**

a small change in routine

keeping everything the same

a quiet agreement

? **Why we use it**

Understanding revolutions helps us learn how countries and societies were formed!

Your turn (We Do → You Do)

A revolution happens when people want to change ____.

proclaim

verb

Word family: **proclaim** **proclaims** **proclaiming** **proclaimed**
proclamation

● **In this unit**

"Leaders will proclaim a state of emergency before a big storm."

● **What it means**

To announce officially or publicly.

In kid words: Saying something loudly and clearly for everyone to hear!

● **Teacher models (I Do)**

"The mayor stood on the steps to proclaim the start of the town's annual festival."

proclaim the news

she proclaimed victory

an official proclamation

✓ **Means the SAME**

declare

announce

broadcast

✗ **Means the OPPOSITE**

whisper

conceal

suppress

✗ **NOT examples**

keeping a secret

mumbling quietly

hiding the truth

? **Why we use it**

Proclaim is a powerful word for formal announcements — used in history, government, and ceremonies!

Your turn (We Do → You Do)

The principal proclaimed _____ and everyone...

differentiate verb

Word family: differentiate differentiates differentiated
different difference

● **In this unit**

"We learned to differentiate between a tornado and a hurricane."

● **What it means**

To recognize or identify differences between things.

In kid words: Being able to tell things apart and see what makes them different!

● **Teacher models (I Do)**

"It is important to differentiate between facts and opinions when reading the news."

differentiate between sounds

differentiated the twins

spot the difference

✓ **Means the SAME**

tell apart

separate

discern

✗ **Means the OPPOSITE**

confuse

merge

blend

✗ **NOT examples**

thinking everything is the same

mixing things up

seeing no differences

? **Why we use it**

Differentiating helps you think critically about information in reading, science, and daily life!

Your turn (We Do → You Do)

I can differentiate between _____ and _____ by looking at...

peril

noun

Word family: **peril** **perils** **perilous** **perilously**

● **In this unit**

"People near the volcano were in great peril when it erupted."

● **What it means**

Serious and immediate danger or risk.

In kid words: When something is really dangerous and could hurt you!

● **Teacher models (I Do)**

"The mountain climbers faced great peril during the sudden snowstorm."

in great peril

many perils

a perilous climb

✓ **Means the SAME**

danger

hazard

threat

✗ **Means the OPPOSITE**

safety

security

shelter

✗ **NOT examples**

a tiny worry

a safe and calm path

a relaxing afternoon

? **Why we use it**

Peril is a dramatic word that shows something is truly dangerous!

Your turn (We Do → You Do)

An animal might face peril when...

homophone

noun

Word family: homophone homophones homonym homograph

● **In this unit**

"'Their' and 'there' are a homophone pair we used in our storm report."

● **What it means**

A word that sounds the same as another word but has a different meaning and often a different spelling.

In kid words: Words that sound alike but mean different things!

● **Teacher models (I Do)**

"The words there, their, and they're are homophones because they sound the same."

to/too/two

two homophones

a tricky homophone

✓ **Means the SAME**

sound-alike

homonym

twin word

✗ **Means the OPPOSITE**

antonym

opposite

unrelated word

✗ **NOT examples**

*big and large (synonyms)**hot and cold (antonyms)**a homograph spelled the same*

? Why we use it

Knowing about homophones helps you choose the right spelling for the meaning you want!

Your turn (We Do → You Do)

A homophone that confuses me is _____ because...

contribute

verb

Word family: **contribute** **contributes** **contributing** **contributed**
contribution **contributor**

● In this unit

“Many people contribute money to help families after a disaster.”

● What it means

To give something in order to help achieve or provide something.

In kid words: Adding your help, ideas, or work to make something better!

● Teacher models (I Do)

“Every student was asked to contribute one idea to the class brainstorm.”

contribute ideas

she contributed money

a generous contribution

✓ Means the SAME

donate

provide

supply

✗ Means the OPPOSITE

withhold

take

subtract

✗ NOT examples

keeping everything to yourself

refusing to help

taking from others

? Why we use it

Contributing means being part of something bigger — it's how communities grow stronger!

Your turn (We Do → You Do)

I can contribute to my community by _____ because...

assert

verb

Word family: assert asserts asserting asserted assertion
assertive

● In this unit

"Scientists assert that we must prepare before an earthquake strikes."

● What it means

To state a fact or belief confidently and forcefully.

In kid words: To say something like you really mean it and you are sure about it!

● Teacher models (I Do)

"The student asserted that the answer was correct and showed her work to prove it."

assert your rights

he asserted the truth

a bold assertion

✓ Means the SAME

insist

maintain

affirm

✗ Means the OPPOSITE

deny

doubt

question

✗ NOT examples

being unsure

staying quiet

agreeing with everyone

? Why we use it

Assert helps you stand up for your ideas and share what you believe with confidence!

Your turn (We Do → You Do)

I would assert _____ because...

distance

noun

Word family: distance distances distant distantly

● **In this unit**

"Stay a safe distance away from the erupting volcano."

● **What it means**

The amount of space between two places or things.

In kid words: How far away something is from something else!

● **Teacher models (I Do)**

"The distance from our school to the museum is about two miles."

a long distance

short distances

a distant mountain

✓ **Means the SAME**

length

span

gap

✗ **Means the OPPOSITE**

closeness

nearness

proximity

✗ **NOT examples**

standing right next to something

touching your nose

hugging a friend

? **Why we use it**

Understanding distance helps you describe locations and plan trips in your community!

Your turn (We Do → You Do)

The distance between _____ and _____ is...

recreation

noun

Word family: recreation recreations recreational recreate

● **In this unit**

"After the storm passed, children returned to recreation in the park."

● **What it means**

Activities done for enjoyment during free time.

In kid words: Fun things you do when you are not working or studying!

● **Teacher models (I Do)**

"The community built a recreation center with a pool and basketball courts."

outdoor recreation

a recreation center

recreational activities

✓ **Means the SAME**

leisure

amusement

entertainment

✗ **Means the OPPOSITE**

work

labor

toil

✗ **NOT examples**

doing homework

cleaning your room

taking a test

? **Why we use it**

Recreation helps communities stay healthy and gives people ways to have fun together!

Your turn (We Do → You Do)

My favorite recreation activity is _____ because...

sluggish

adjective

Word family: **sluggish** **sluggishly** **sluggishness**

● In this unit

"The flood water moved in a slow, sluggish flow through the streets."

● What it means

Moving slowly; lacking energy.

In kid words: Slow and lazy like a slug!

● Teacher models (I Do)

"I felt sluggish after eating too much."

a sluggish morning

moved sluggishly

a sense of sluggishness

✓ Means the SAME

slow

lazy

lethargic

× Means the OPPOSITE

energetic

active

lively

× NOT examples

running fast

jumping around

dancing energetically

? Why we use it

To describe moving slowly or feeling tired and lazy!

Your turn (We Do → You Do)

I feel sluggish when...

contract

noun

Word family: **contract** **contracts** **contracted** **contractor**
contraction

● **In this unit**

"The town signed a contract to rebuild the homes destroyed by the flood."

● **What it means**

A written agreement between two or more people or groups.

In kid words: A deal written down that everyone agrees to!

● **Teacher models (I Do)**

"They signed a contract before starting the work."

sign a contract

two contracts

hired a contractor

✓ **Means the SAME**

agreement

deal

✗ **Means the OPPOSITE**

—

✗ **NOT examples**

a spoken promise

a quick guess

a friendly wave

? **Why we use it**

A contract makes sure everyone agrees and keeps their word.

Your turn (We Do → You Do)

We made a contract to...

grammar

noun

Word family: **grammar** **grammars** **grammatical** **grammatically**

● In this unit

"We used correct grammar to write a clear emergency plan."

● What it means

The set of rules that explain how words are used in a language.

In kid words: The rules that help us put words together correctly!

● Teacher models (I Do)

"Good grammar helps your reader understand exactly what you mean."

grammar rules

correct grammar

a grammatical sentence

✓ Means the SAME

syntax

structure

language rules

✗ Means the OPPOSITE

slang

gibberish

nonsense

✗ NOT examples

random words with no order

sounds without meaning

pictures without words

? Why we use it

Grammar is the foundation of clear communication in writing and speaking!

Your turn (We Do → You Do)

Learning grammar is helpful because _____...

independence

noun

Word family: independence independent independently
depend dependence

● In this unit

"After the disaster, the town worked hard to rebuild its independence."

● What it means

The state of being free from the control or authority of another.

In kid words: Being free to make your own choices and not be controlled by others!

● Teacher models (I Do)

"The colonists fought for their independence from Great Britain."

fight for independence

an independent country

works independently

✓ Means the SAME

freedom

liberty

autonomy

✗ Means the OPPOSITE

dependence

servitude

subjugation

✗ NOT examples

needing permission for everything

being controlled by someone else

depending on others

? Why we use it

Independence is a key idea in history that shaped nations and the rights people enjoy today!

Your turn (We Do → You Do)

Independence is important because _____...

apostrophe

noun

Word family: apostrophe apostrophes

● In this unit

"We added an apostrophe to write 'the storm's power'."

● What it means

A punctuation mark (') used to show possession or to indicate missing letters in a contraction.

In kid words: The little mark that shows something belongs to someone or that letters were left out!

● Teacher models (I Do)

"The apostrophe in dog's shows that the bone belongs to the dog."

student's book

two apostrophes

it's raining

✓ Means the SAME

punctuation mark

mark of possession

contraction mark

× Means the OPPOSITE

no mark

full spelling

written out

× NOT examples

a period

a comma in a list

a question mark

Why we use it

Apostrophes help readers know if a word shows ownership or is a shortened form of two words!

Your turn (We Do → You Do)

I need to use an apostrophe when _____...
