

Teacher Version: Energy, Forces and Earth Systems

Answer Key

Question 1

c) The sun

(5-PS3-1)

Question 2

Earth System Picture

Geosphere 

Hydrosphere 

Atmosphere 

Biosphere 

(5-ESS2-1)

Question 3

a) Tile has less friction

(5-PS2-1 extension)

Question 4

b) Improve the design and test again

(5-ETS1-3)

Question 5 - Accept answers such as:

Flood

- Move to higher ground.

Earthquake

- Drop, Cover, Hold.

Storm

- Stay indoors.

(5-ESS3-1)

Rubric

Question 1–4 (2 points each)

- 2 points = Correct answer
- 1 point = Partial understanding shown
- 0 points = Incorrect answer

Question 5 (2 points)

2 Points

Correct safety action with clear explanation.

1 Point

Correct safety action but limited explanation.

0 Points

Incorrect or no response.

Proficiency Levels

Score	Level
-------	-------

0–3	Emerging
-----	----------

4–6	Developing
-----	------------

7–8	At Target
-----	-----------

9–10	Advanced
------	----------

This assessment mirrors the style and accessibility of your previous Life Science, Earth Science, and Physical Science assessments while assessing the major standards from the new unit:

- **5-PS3-1** (Energy)
- **5-PS2-1** (Forces/Friction)
- **5-ESS2-1** (Earth Systems)
- **5-ESS3-1** (Natural Disasters/Human Safety)
- **5-ETS1-3** (Engineering Design)
